The most important result of the report submitted is that we can continue our accreditation for ten years. The Coast Guard authorization is for a five year term. Chair Somerville also thanked Trustee Theeman and his team for the tremendous work they did on the Safety and Offshore Survival Training Center. There is still work to do but it is now progressing.

**3. PRESIDENT'S REPORT**

President Brennan echoed the Chair's comments not only on the work of the Ad Hoc Committee but also on the work of Dean Gardner and Dr. Boucher and all of the others involved with the NEASC report. It was a huge undertaking and took a great deal of work. He remarked that this is the first time he has participated in one of the NEASC accreditation reviews and anticipates that he will be retired before the next one. In the interests of time, the President cut short his report but concluded by saying that this Board meeting is the most significant Board meeting of the entire year because it is at this meeting that we do what we are all about: that is, the conferral of degrees.

**4. PRESIDENT'S ACTION**

President Brennan presented the following RESOLUTION for the Board's consideration:

## RESOLUTION #1
