OUR FEES ARE ALL HERE

For budgeting purposes, your cost of attendance will be made up of all combined direct and indirect costs for the full academic year.

As you compare college pricing, be sure to take into account all potential costs associated with your major of study.

NOTE: Students from Connecticut (CT), Rhode Island (RI), New Hampshire (NH), Vermont (VT), and Puerto Rico (PR) who enroll in one of the four majors listed above qualify for in-state tuition rates.

*\$2,575 is the cost of uniforms for the first year. Of that, \$500 will be a deposit toward uniforms for the first year, due by July 1, payable through the bookstore. The remaining balance will be a charge on the fall bill and due to Maine Maritime Academy.
