Description

MAISIE MCGOO is our flagship Stanley 38. She is a lovely looking boat from her powerful bow with varnished teak bowsprit and mounted anchor, her long low silhouetted varnished teak cabin trunk and spacious pilothouse windows culminating in a comfortable cockpit and traditional sitka spruce mast and boom. She is elegantly appointed with traditional yacht furnishings, including the John Williams Boat Company helm and nav seats, a large dinette/settee that makes into a very comfortable double bunk and custom pilothouse enclosure. The forecastle is designed for two with a large centerline queen berth and port settee. There are many of special amenities requested by the owner and created by the craftsman of John Williams Boat Company. Featured on the cover of Maine Boats, Homes and Harbors Boat of the Year edition after her launch. She has been donated to Maine Maritime Academy. Priced for charter with option to purchase.
