Loeb Sullivan School Graduate Catalog

Note: This is the official 2018-2019 Catalog for the Loeb-Sullivan School of International Business and Logistics Master's Degree Programs. The information contained in this PDF is current as of August 16, 2018. Updates made between August 10, 2018 – July 31, 2019 are reflected in the online catalog at mainemaritime.edu/graduate-catalog. Archived (printed) copies are available in the Nutting Memorial Library.

The information contained in this catalog is meant to inform all incoming students of the Class of 2018 – 2019 of the obligations and responsibilities of both students and the institution.

It is the policy of Maine Maritime Academy to provide equal opportunity and treatment to all students, employees, and applicants in all areas of the Academy. No person shall be discriminated against because of race, religion, color, gender, age, sexual orientation, national origin, handicap, or veteran's status. Maine Maritime Academy subscribes to the principles and policies encompassed by the Uniform Campus Crime Reporting Act. A general overview of campus safety and security issues is made available to all students and employees.

The Academy reserves the right to make changes in its rules, regulations, procedures, degree requirements, and fees. Our online catalog is regularly updated with contemporary information and should be referred to for complete programming facts. This catalog is published online for the 2018-2019 Academic Year by Maine Maritime Academy, Castine, Maine 04420.

An audited financial statement is produced following the end of each fiscal year. For a copy, please request one by writing to the Maine Maritime Academy, Office of Finance.

Vision

Maine Maritime Academy

The vision of Maine Maritime Academy is to provide the best marine and related education of any small college.

Loeb-Sullivan School

The Loeb-Sullivan School will chart a course in global logistics education to create leaders in international business and logistics.

Mission

Maine Maritime Academy

The mission of Maine Maritime Academy is to provide a quality education focused on marine and related programs. The curriculum will empower students to take on leadership roles, encourage rigorous self-discipline, promote curiosity, and provide graduates with the skills, ethics, and knowledge needed to succeed in the global economy.

Loeb-Sullivan School

The Loeb-Sullivan School is committed to specialized programs in global logistics and related fields. The school strives to develop leadership in our graduates by developing competence, instilling confidence and creating professionalism in core business areas, as well as promoting innovative thinking, social responsibility and hands-on experience.

The Business School

For generations, Maine has been known worldwide for the skills of her shipbuilders and sea captains and for leadership in every phase of maritime affairs. It was in Maine that the first English ship built in the colonies, the Virginia, was launched in 1607, and, in the 21st Century, Mainers continue to build and sail vessels ranging from custom yachts to mighty warships. Windjammers, fishing fleets, and defenders of the America's Cup have all been a part of the state's seafaring tradition.

Since 1941, this proud heritage has thrived at Maine Maritime Academy, an institution of higher learning providing undergraduate and graduate instruction in international business and logistics, engineering, transportation, nautical sciences, ocean studies, and management. In recent years, the college has grown steadily and now offers three degrees and 19 undergraduate and graduate academic majors, two of those being through the Loeb-Sullivan School, the Academy's business school.

Maine Maritime's entry into transportation management education began during the late 1970s with an array of short courses and seminars offered through the Center for Advanced Maritime Studies (CAMS). This laid the foundation for creating a unique graduate degree program, emphasizing the development of management skills for transportation leaders. A successful test of the concepts of a modular graduate program led to the establishment of the Department of Graduate Studies; candidates for the Master of Science in Maritime Management degree began classes in the summer of 1985, with the first class graduating in 1987.

As part of the Academy's strategic diversification plan, an undergraduate program offering a B.S. degree in International Business and Logistics (IBL) began in 1997. Simultaneously, the Loeb-Sullivan School of International Business and Logistics was established with a generous endowment from David Loeb, a distinguished Maine Maritime alumnus. The business school presently houses the undergraduate department as well as the graduate department established in 1985.

The undergraduate department offers the highly successful and fast growing IBL program. The graduate school offerings were expanded with a program in Port Management in May 1996 and Logistics Management in May 1998. Reflecting the current geopolitical environment and market needs, the Graduate Program now offers one On Campus M.S. degree major – Global Logistics & Maritime Management (GL&MM) and one Online M.S. degree major – International Logistics Management. Over 210 alumni have earned our Master's of Science degree.

Accreditation and Membership

Maine Maritime Academy is accredited by the New England Association of Schools and Colleges, Inc. (NEASC). The college is a member of the American Association of State Colleges and Universities, the Council for the Advancement and Support of Education, the Downeast College Consortium, and the International Association of Maritime Universities. The Academy

is authorized under federal law to enroll non-immigrant alien students. NEASC can be reached here: <https://www.neasc.org/>

All graduate degree offerings of the Loeb-Sullivan School are approved by the International Association of Maritime and Port Executives (IAMPE) for blanket exemption from the requirements for awarding the certification as a Maritime Port Manager (MPM). LSS students will only receive the MPM certification and rights to use “MPM” in their title upon successful completion of the LSS M.S. degree graduate program. For more information on the IAMPE, please visit www.iampe.org

The Graduate Program

The On Campus Graduate Program

M.S. Degree: Global Logistics & Maritime Management

Loeb-Sullivan School's Master of Science degree is a 36-credit hour program with a specialization in Global Logistics & Maritime Management. This major meets the requirements of contemporary international businesses that produce and move goods across the globe as well as governmental and non-governmental agencies operating in this global environment. Furthermore, the current economy has increased the need for professionals with advanced knowledge in the area of global logistics and supply chain management.

The program is intended for individuals seeking to gain or enhance existing experience in the logistics/supply chain industry. Students in this program will gain challenging opportunities in the rapidly growing supply chain logistics and related sectors. Applicants for the program include entry level professionals who wish to enhance their management capabilities and advancement opportunities in international business logistics. Admission requirements include an accredited baccalaureate degree or an international equivalent; completion of the GRE or GMAT test; two letters of recommendation; and a statement of individual interest. The On Campus Master's Degree Program begins in mid-August with three classes, earning four credits, taken in a two week period.

Courses are offered in semester format during the regular academic year and in two different modules, one in August preceding the semesters and one in May-June to conclude the year. The curriculum provides coverage of the core functional areas of business with a focus to develop and integrate managerial disciplines within the context of global supply chain logistics and maritime management.

Unique Features of the Loeb-Sullivan School M.S. Degree Program

- Highly mission-driven and niche-oriented
- A distinguished and highly supportive faculty
- Timely and innovative curriculum
- Intense, ten months of full-time study
- The seminar format of every class ensures close student-faculty contact
- Library, computer, and internet facilities to support classes and research projects
- Diversities in student experiences and background
- An ideal campus environment for full-time graduate education
- Located in a New England coastal town with a rich maritime heritage

Statement of Graduation Success Rate

The 2017-2018, 2016-2017, 2015-2016, 2014-2015 and 2013-2014 graduation success rate for the Loeb-Sullivan School is 100 percent. The graduation success rate for 2012-2013 is eighty-nine percent. The graduation success rate for the 2011-2012 class is eighty-five percent. The success rate for the 2010-2011 class is 100 percent. The 2009-2010 class and the 2008-2009 class both had a ninety-three percent success rate.

The Online Graduate Program

M.S. Degree: International Logistics Management:

Loeb-Sullivan School's Master of Science degree in International Logistics Management is a 36-credit hour online stand-alone program. This major meets the requirements of contemporary international businesses that produce and move goods across the globe as well as governmental and non-governmental agencies operating in this global environment. Furthermore, the current economy has intensified the need for professionals with advanced knowledge in the area of global logistics and supply chain management.

This program is also part of the MMA [Master's & Commander](#) program that includes a concurrent On Campus Undergraduate segment for achieving the ability to test for the USCG 200 Gross Ton Mate Near Coastal license.

The program is for business professionals seeking career advancement to mid-and upper level management positions as well as for individuals seeking to gain experience in the logistics/supply chain industry. The MS-ILM program provides a knowledge base of managerial skills for successfully operating global logistics and supply chain operations with a strategic focus. Students in this program will gain challenging opportunities in the rapidly growing supply chain logistics and related sectors. The program provides knowledge and skills in general business functions with a specialization in logistics and supply chain. Faculty in the MS-ILM program have both academic credentials and real-world experience. They bring their experiences to the Online classroom to provide students with immediate, practical application.

Admission requirements include an accredited baccalaureate degree or its equivalent; completion of the GRE or GMAT test; two letters of recommendation; and a statement of interest. Courses are offered in a tri-semester format with classes beginning in the fall, spring, and summer allowing you greater flexibility to complete your graduate degree. Admission application documents must be completed and received prior to August 1 for the September semester, December 1 for the January semester and April 1 for the May semester. The MS-ILM program can be completed in as few as 19-months but cannot take longer than four years.

Unique Features of the Loeb-Sullivan School M.S. – ILM Degree Program

- Bringing the in-class experience to an online environment
- Highly mission-driven and niche-oriented

- A distinguished and highly supportive faculty
- Timely and innovative curriculum
- Courses offered in the fall, spring, and summer trimesters
- Anywhere, anytime learning
- Average class size range from 10-20
- Close student-faculty contact
- Full support and use of all MMA facilities including the library and IT Help Desk Support
- Diverse student experience and backgrounds allowing for a more enriching learning environment

Statement of Graduation Success Rate

The MS-ILM program is a new program to Maine Maritime Academy. Online courses began in the fall 2013 semester. The program set-up allows for four years to completion. There have been 43 registered students. twenty-four students have graduated from this program so far. Thirteen students are still enrolled. Graduates will continue to accumulate in a rolling trimester fashion.

M.S. Degree Program Outcomes

Loeb-Sullivan School Master of Science Degree

The Master of Science degree programs at the Loeb-Sullivan School prepare individuals seeking a career change as well as recent college graduates for a career in global supply chain logistics and related fields. A baccalaureate degree in business is not a prerequisite. Graduate students pursue the Maine Maritime Academy institutional learning objectives at a level that requires significant introspection and personal growth in addition to solidifying their managerial and leadership skills. Students demonstrate their ability to gather, apply, analyze, synthesize, and critically evaluate current theories and knowledge claims in addressing specific real-world problems. Candidates will successfully complete 15 credit hours of specific global logistics or maritime management classes, 13 credit hours of core business courses with a global logistics focus and eight credit hours of quantitative, research/consulting or introductory courses.

Our programs, Global Logistics & Maritime Management and International Logistics Management, prepare students for the challenges of managing strategy and operations for the logistics and the maritime-related sectors of global supply chains. They encompass the ability to study, analyze, and evaluate the flow of goods, customer services, finances, and information from the supplier's suppliers to the ultimate consumer and include the reverse logistics of return, recycle, and repair. There is an emphasis on new concepts and theories for global marketing and sourcing, inventory, distribution, and transportation management as well as the supporting economics and finance/accounting. Students study business in the context of the logistics foundation of the supply chain management philosophy in addition to the set of operational processes that can optimize the international supply chain. Graduates of the program are grounded in general management capability and are prepared to contribute strategic and organizational efforts toward effective supply chain management. This will enable them to

effectively lead logistics and maritime organizations involved in operations and customer satisfaction.

Maine Maritime Academy Institutional Learning Objectives

Graduate students pursue Maine Maritime Academy institutional learning objectives at a level that requires significant introspection and personal growth. In addition to solidifying their managerial and leadership skills, they will:

- Demonstrate competency in written and spoken English
- Apply the scientific method
- Be technologically proficient
- Develop a global perspective of the humanities and social sciences.
- Gather, analyze, and interpret information.
- Demonstrate competency in their major
- Explore and experience career paths in their program of study
- Demonstrate and inspire ethical behavior
- Develop skills to motivate others to achieve a common goal
- Recognize environmental consequences of individual and professional decisions

Students attaining the objectives above will have the fundamental skills to support continued curiosity and life-long learning.

Learning Outcomes of Loeb-Sullivan School M.S. Degree

All Loeb-Sullivan School degree recipients will:

- Demonstrate professionalism, competence, and confidence in core business-functional areas and related concepts.
- Effectively gather, analyze and communicate complex data and information.
- Develop professionalism, competence and confidence through in-depth knowledge of logistics concepts and processes.
- Conduct themselves in a professional, socially responsible and ethical manner in life and diverse business environments.
- Be able to critically evaluate the challenges of domestic and international business and logistics and apply hands-on solutions that contribute to the future.

Graduate Student Careers

The Loeb-Sullivan School Master of Science degree is designed for students interested in international business/transportation/supply chain management careers. Participants, regardless of their age and experiences, are very goal-oriented and are in pursuit of challenging global opportunities. Many students bring a wealth of professional experience and contribute a great deal to classroom discussions. Faculty members enjoy the lively, two-way communication which makes classes truly stimulating for students and faculty alike. Given the small size and the

seminar format of our classes, such interactions are a daily routine. Our graduates are employed around the world in a variety of entrepreneurship endeavors in addition to transportation/logistics/supply chain management positions.

Following are selected examples of the types of companies that have hired our alumni:

- Amazon
- Bath Iron Works
- Bauer
- Boeing
- British Petroleum
- Carnival Cruise Lines
- Caterpillar
- C.H. Robinson
- Cianbro Corporation
- Crowley
- Delhaize Group
- Exxon-Mobil
- FedEx
- General Dynamics (BIW&NASSCO)
- Georgia Pacific
- Hannaford
- IDEXX
- International Paper
- Kiewit
- L.L. Bean
- Poland Spring
- Sappi Fine Papers
- Seadrill
- Shell Oil
- Strategic Maintenance Solutions
- Target
- Wallenius Wilhelmsen
- Wal-Mart, (private fleet, procurement)

The Faculty

The Department of Graduate Studies commits itself to teaching, research, and service to meet the needs of supply chain logistics-related fields. Faculty members (<https://mainemaritime.edu/academics/category/ibl-faculty/>) and visiting consultants are selected for excellence in teaching, as well as for intellectual contributions and scholarship exemplified typically by practitioner-oriented research. Moreover, the faculty has experience working with business, governmental agencies, and regulatory bodies. They are also experienced in providing management development programs in the United States and abroad.

Resident professors provide the nucleus of the graduate faculty. The modular format used during the summer months makes it possible for highly qualified visiting professors from other business schools and expert consultants from industry to participate. Each professor is a dedicated teacher selected for his or her effective classroom techniques. All resident graduate faculty members are available to mentor and advise the graduate students. The mentoring process begins during the application stage and continues until the candidates' successful completion of the program.

Following is a partial listing of current research interests of Loeb-Sullivan School faculty members:

- Business Assessment and Development, Organizational Design
- Cross-Cultural Management, Intercultural Communication
- Efficacy of Hands-On Education in the Logistics Field
- Globalization and the Maritime Nexus
- Integrated Supply Chain Management
- Global Sourcing & Procurement Negotiations
- Liner Shipping Economics and Regulation
- Maritime Economics and Policies
- Maritime Logistics
- Optimization of Intermodal Transportation Options
- Port Cost Recovery Mechanisms
- Port Privatization
- Public Policy in Port Operations and Management
- Supply Chain Security for Small and Medium Enterprises
- Supply Chain Simulation and Modeling

LSS Program Structure and Standards

The Loeb-Sullivan School offers two Masters degree programs:

- On Campus Degree – Global Logistics & Maritime Management
- Online Degree – International Logistics Management
- Master's & Commander – International Logistics Management program / Maritime Management major

LSS On Campus Degree - Global Logistics & Maritime Management

The On Campus Graduate Program is structured so that a full-time candidate can complete all degree requirements in one calendar year. Admission application documents must be completed and received prior to June 1 of the entering year. The On Campus graduate school year begins in mid-August with a Graduate School Orientation Session on the Sunday before classes begin.

Beginning on the Monday immediately following Orientation, four credit hours will be earned in two weeks by completing three Orientation Business Courses. The Orientation Business Courses

eliminates the need for prerequisites as well as establishing relationships among the students in the cohort. The fall semester continues in traditional fashion, approximately September 1st, coinciding with Maine Maritime Academy’s fall semester start date and concludes prior to the Christmas holiday. Spring semester starts during the second week of January and typically lasts until late April. The May-June Summer Module begins immediately thereafter, lasting six weeks in duration. As such, full-time graduate candidates in the on campus program should expect to be in the program from mid-August until the middle of June of the following year. A graduate school application is available [online](#) or from the graduate school office upon request.

Requirements for the Master of Science in Global Logistics & Maritime Management Degree

A total of 36 credit hours of graduate courses are required for the GL&MM-On Campus Master’s of Science degree and shall be earned as follows:

- Four (4) credit hours earned in mid-August Business Orientation courses on campus
- Twenty-six (26) credit hours of required core and specialized courses with research approaches and methods in two traditional semesters on campus
- Six (6) credit hours of courses in a May-June six-week program ending Summer module on campus and in the field

Full-time On Campus graduate students must complete all M.S. GL&MM degree requirements by the first Friday in June of the entering Academic year, unless a written exception is approved in advance by the Dean of the Loeb-Sullivan School. Failure to complete any coursework will require that the student repeat the course within one academic year. If not completed in one academic year, the student’s record will be closed. If the student wants to complete the GLMM program, the student will need to be readmitted to the program with the then current admission requirements.

On Campus Grading System

The system of evaluating a student’s performance is by letter grade, with grade point values as follows:

Grades	Grade Points per 3 credit course	Grades	Grade Points per 3 credit course
A	4.0	C+	2.3
A-	3.7	C	2.0
B+	3.3	C-	1.7
B	3.0	F	0
B-	2.7		

W — Withdrawal from a course before the third class meeting of the course; the grade “W” does not affect the computation of the cumulative grade point average. There is no assignment of

credit hours toward degree requirements. A request for withdrawal from graduate course(s) must be made in writing to the instructor of the course, with a copy to the Dean of the Loeb-Sullivan School.

I — The grade “I” must be resolved within one calendar year. After one year the grade will convert to F. If unusual circumstances arise such as a call up to military service, call back for seagoing merchant marine officers, or long-term personal or family illness, a student may request that the grade of F be converted to a grade of W. Such a grade change requires the approval of the graduate faculty meeting as a committee of the whole. A student may request the grade of F be converted to a letter grade A to C with the approval of the graduate faculty meeting as a committee of the whole. All work must be submitted and completed to the satisfaction of the original course instructor. The grade change from F to W or letter grade also requires the approval of the Academic Dean or his/her designated representative.

Grade Point Average Calculation – The total grade points obtained for the grade received in a course is found by multiplying the credit hours of the course by the grade points for the grade received in that course. In determining the grade point average (GPA) for academic standing, all grade points are added and the total divided by the number of credit hours attempted, including those for courses receiving failing grades. For purposes of computing the GPA, transfer credits are not considered.

Transfer Credit

Candidates for the Master of Science in GL&MM degree may request that up to 6 credit hours of graduate course work be transferred to be applied toward the GL&MM program requirements. If candidates are intending to transfer credits earned prior to matriculation in the Loeb-Sullivan School, they should seek approval of those credits before enrollment from the Registrar. No additional transfer credits will be accepted after enrollment. Maine Maritime Academy reserves the right to determine what constitutes acceptable transfer credits. A grade of “B” or better is required for transfer credit.

Credit Accumulation Policy

The Loeb-Sullivan School of International Business and Logistics currently requires 36 credits for graduation for the M.S. in GL&MM degree program. The policy of the Loeb-Sullivan School is to allow up to 12 credits of M.S. degree program curriculum courses to be accumulated by non-matriculated students. Credits are not transferable between the On Campus GL&MM graduate program and the Online ILM graduate program.

The part-time student who has earned 12 credits from the M.S. degree program must matriculate or be declared MS Expired. Only those credits earned in the three years immediately preceding matriculation will be accepted. No more than 12 MS GL&MM degree program credits will be accepted at the time of matriculation. A student who has been placed on MS Expired and seeks re-admittance to the GL&MM program shall be considered a new applicant and must re-apply under the newest catalog course requirements.

Part time students with 12 or fewer credits who elect to become full-time students will be required to complete the degree requirements within two years from the date of matriculation. Part-time students with 12 or fewer credits who continue on a part-time basis must matriculate and will then be required to complete the degree requirements within three years from the date of matriculation. Degree requirements for all students who matriculate as a result of earning 12 part-time credits will be under the catalog in effect on the date when the student matriculates.

Academic Standards

A minimum cumulative GPA of 3.0 (a “B” average) on the 4.0 scale must be achieved to qualify for the Master of Science in GL&MM degree. Students whose average falls below 3.0, who receive a grade of “F”, or who earn two or more grades of “C” will be reviewed by the Graduate Faculty Student Review Committee to determine the conditions under which they may be permitted to continue as degree candidates. In addition, graduate students in the GL&MM program must also earn a course grade above “B-” in BA560 and BA561 to successfully complete the graduate program. The Graduate Faculty Student Review Committee reserves the right to dismiss any student for non-compliance of meeting academic or any other Maine Maritime Academy standards.

Academic Responsibility Policy

It is the student’s responsibility to fulfill all academic requirements to achieve his or her selected academic major. It is the responsibility of the faculty and staff to advise the student and to facilitate the student’s effort, yet the ultimate responsibility to complete all academic requirements remains with the student.

Course Cancellation Policy

The Department of Graduate Studies reserves the right to cancel any graduate course offering that does not meet the minimum enrollment criterion. In all such cases, the Department will provide two weeks’ notice to all parties affected by such cancellation.

Alumni Advantage Program

The Alumni Advantage Program is available to any MMA graduate with a BS who intends to pursue either MS degree program with the Loeb-Sullivan School. Whether you are just graduating as an underclassman or are coming back after years in the workforce, once accepted into a graduate program you will pay tuition at the prevailing undergraduate tuition level. Please contact the graduate school at 207-326-2212 for more information

LSS Online Degree - International Logistics Management

The Online Graduate Program is structured to accommodate working professionals to help them achieve their academic goals. As such, candidates in the online graduate program must complete

all degree requirements in less than four years. The online graduate program admits students in each of three academic trimesters: Fall, Spring and Summer, coinciding with the Maine Maritime Academy annual academic calendar. Admission application documents must be completed and received prior to August 1 for the Fall trimester, December 1 for the Spring trimester and April 1 for the Summer trimester.

Students in the online graduate program will not be allowed to register for more than two graduate courses (8 credit hours) in any semester. Credits are not transferable between the online ILM and the on campus GLMM programs. A graduate school application is available [online](#) or from the graduate school office upon request.

Requirements for the Master of Science in International Logistics Management Degree

A total of nine (9) four (4) credit hour courses for a total of 36 credit hours of graduate courses must be successfully completed in not more than 48 months from the time of admission. Failure to complete any coursework will require that the student repeat the course. If all coursework is not completed in four years, the student’s record will be closed. To complete the ILM graduate program, the student will need to be readmitted to the program with the then current admission requirements.

Grading System

The system of evaluating a student’s performance is by letter grade, with grade point values as follows:

Grades	Grade Points per 4 credit course	Grades	Grade Points per 4 credit course
A	4.0	C+	2.3
A-	3.7	C	2.0
B+	3.3	C-	1.7
B	3.0	F	0
B-	2.7		

W — Withdrawal from a course before the third class meeting of the course; the grade “W” does not affect the computation of the cumulative grade point average. There is no assignment of credit hours toward degree requirements. A request for withdrawal from graduate course(s) must be made in writing to the instructor of the course, with a copy to the Dean of the Loeb-Sullivan School.

I — The grade “I” must be resolved within one calendar year. After one year the grade will convert to F. If unusual circumstances arise such as a call up to military service, call back for seagoing merchant marine officers, or long-term personal or family illness, a student may request that the grade of F be converted to a grade of W. Such a grade change requires the approval of

the graduate faculty meeting as a committee of the whole. A student may request the grade of F be converted to a letter grade A to C with the approval of the graduate faculty meeting as a committee of the whole. All work must be completed to the satisfaction of the original course instructor. The grade change from F to W or letter grade also requires the approval of the Academic Dean or his/her designated representative.

Grade Point Average Calculation – The total grade points obtained for the grade received in a course is found by multiplying the credit hours of the course by the grade points for the grade received in that course. In determining the grade point average (GPA) for academic standing, all grade points are added and the total divided by the number of credit hours attempted, including those for courses receiving failing grades. For purposes of computing the GPA, transfer credits are not considered.

Transfer Credit

Candidates for the Master of Science degree in International Logistics Management may request that up to 8 credit hours of graduate course work be transferred to be applied toward the ILM program requirements. If candidates are intending to transfer credits earned prior to matriculation in the Loeb-Sullivan School, they should seek approval of those credits before enrollment from the Registrar. Once enrolled in the Loeb-Sullivan School, candidates should consult and receive the approval of the Dean of the Loeb-Sullivan School prior to enrolling in any external graduate course for transferring credits. Maine Maritime Academy reserves the right to determine what constitutes acceptable transfer credits. A grade of “B” or better is required for transfer credit.

Academic Standards

A minimum cumulative GPA of 3.0 (a “B” average) on the 4.0 scale must be achieved to qualify for the Master of Science in GL&MM degree. Students whose average falls below 3.0, who receive a grade of “F”, or who earn two or more grades of “C” will be reviewed by the Graduate Faculty Student Review Committee to determine the conditions under which they may be permitted to continue as degree candidates. In addition, graduate students in the ILM program must earn a course grade above “B-” in BA660 to successfully complete the graduate program. The Graduate Faculty Student Review Committee reserves the right to dismiss any student for non-compliance of meeting academic or any other Maine Maritime Academy standards.

Academic Responsibility Policy

It is the student’s responsibility to fulfill all academic requirements to achieve his or her selected academic major. It is the responsibility of the faculty and staff to advise the student and to facilitate the student’s effort, yet the ultimate responsibility to complete all academic requirements remains with the student.

Course Cancellation Policy

The Department of Graduate Studies reserves the right to cancel any graduate course offering that does not meet the minimum enrollment criterion. In all such cases, the Department will provide two weeks' notice to all students affected by such cancellation.

Alumni Advantage Program

The Alumni Advantage Program is available to any MMA graduate with a BS who intends to pursue the MS online degree with the Loeb-Sullivan School. Whether you are just graduating as an underclassman or are coming back after years in the workforce, you can attend the ILM graduate degree program at preferential tuition rates. Please contact the graduate school at 207-326-2212 for more information.

Online Course Exemption Policy

Applicants who have completed the MMA undergraduate International Business & Logistics program and who are admitted to the online ILM program will be provided an exemption from two graduate online courses: BA646, Fundamentals of International Logistics, and BA648 Integrated International Logistics providing the qualifications below are met. *This exemption is only permissible for students in the Online graduate ILM program.*

Qualifications:

Students must have graduated with a Bachelor of Science Degree in International Business & Logistics from Maine Maritime Academy, and;
Students must have earned a minimum grade point average of 3.2 in all “LO” prefix courses.

Additional Statements & Procedures - On Campus & Online Programs

Graduate Student Enrollment Status – All Semesters

On Campus	Online	
Full-Time	12 credit hours	8 credit hours
Half-Time	6 credit hours	4 credit hours

Add, Drop and Withdrawal Process

The add/drop period is the week prior to the beginning of classes and the first week of both the fall and spring semesters and the first two days of summer classes. This no-penalty period is an opportunity for students to add or drop courses. Courses dropped after the add/drop period of any semester are subject to withdrawal procedures. Financial refunds are not provided for course withdrawals.

Students should add, drop and/or withdraw from courses only after consultation with their instructor and academic advisor. Students should practice caution and be aware that any of these changes may have an effect on their progress toward graduation, eligibility for financial aid, and/or eligibility for athletics.

Class Attendance

Maintaining a satisfactory record of class attendance for On Campus or Online courses is a prerequisite to successful academic progress. Individual instructors have the option of setting attendance requirements in relationship to grading for the course which may be provided in the respective syllabus. However, it is the student's responsibility to achieve the required standards set by the instructor in each class whether On Campus or Online. Excessive absence from class may result in a lower grade for the course. Students enrolled in all programs are required to attend and actively participate regularly.

Note: Failure to attend classes or to log-in to Online courses will NOT result in students being automatically dropped or withdrawn from courses. Students are ultimately responsible for adhering to and following the drop and withdrawal procedures in the MMA Graduate Academic Catalog above.

Courses delivered Online through Canvas software

Maine Maritime Academy uses Canvas software to deliver our online classes. A major difference between an online course and a traditional course is that Canvas students can participate in courses at times that are convenient for them. As with any class, students will read texts, participate in class discussions, submit various kinds of course work and take exams through the MMA online program.

Adding a course(s)

If space is available in the class, students will be permitted to add a course(s) with the approval of their advisor and within the deadline(s) provided on the MMA Academic Calendar. On Campus and Online courses must be added within the first week of the course in accordance with the MMA Academic Policy. Online students may not take more than two courses per trimester.

Dropping a course(s)

After proper consultation with their advisor, students may drop a course providing the request is within the deadline. To drop a course, whether On Campus or Online, a written request must be submitted to the Registrar's Office by using the Add/Drop form. Upon receipt of a written request (within the deadline), students will be dropped from the class roster and will not receive a grade for the course. On Campus and Online courses must be dropped within the first week of class in accordance with the MMA Academic Policy.

Withdrawing from a course(s)

Students are allowed to withdraw from a course after the drop period is expired until the withdrawal deadline. *Students withdrawing from a course will receive a —WI on their transcript and remain liable for full tuition and fees.* No computation in grade point averages will be recorded in the student's permanent record for courses with a WI designation. The withdrawal period begins in week 2 through week five (5).

Withdrawal Due to Extenuating Circumstances

Students may not withdraw from a class after the withdrawal deadline has passed unless there are very serious circumstances over which the student has no control. Students who feel they have sufficient reason to request withdrawal after the deadline must make an appointment with the Dean of Graduate Studies and the Registrar to explain the circumstances and present written documentation for the request. The decision to allow the withdrawal at that point will be made in consultation with the appropriate academic advisor and the instructor. Students will receive a —WI on their transcript and remain liable for full tuition and fees. No computation in grade point averages will be recorded in the student's permanent record for courses with a —WI.

Students who fail to abide by established procedures will be considered as still enrolled in their course(s) and shall receive a grade based upon the course requirements and remain liable for full tuition and fees.

Graduate Academic Integrity Statement from Syllabus

Students are expected to maintain the highest level of honesty and integrity in all their academic pursuits and are encouraged to review the MMA website regarding our policy. You can find the Student Honor Code of Conduct and Responsibilities [here](#).

Ethical conduct is the obligation of every student in this class and breaches of academic integrity constitute serious offenses. Since a lack of integrity hinders the student's academic development, it cannot be tolerated under any circumstances. To be clear; all graduate students, whether Online or On Campus, must submit their own work in all instances. All work that is not original must be properly cited. Students found to be in violation of this standard will face the Graduate Academic Review Board, and potentially, dismissal from the program.

Course Evaluation Policy

The faculty and management of LSS consider student opinions regarding course delivery and content to be extremely important. We review their evaluations closely and use their opinions to drive constant improvement in our programs.

All students must complete the course evaluation form on-line. Students will not be able to view their grades until they have submitted their evaluation. The form is anonymous. No faculty member will see any course comments until after the final grade is submitted to the Registrar. Responses are compiled and summarized with no student names attached.

Distance Ed Photo ID Process

An MMA photo ID card is required to access many MMA services. Certain tests/exams/quizzes through the MMA Learning Management System will require the ID card. There is no fee or monetary charge for this card. Loeb-Sullivan School and MMA seek to ensure that the student who registers in a distance education course or program is the same student who participates in and completes the course or program and receives the academic credit. This process is intended to ensure student authenticity and protect student privacy.

To receive your MMA photo ID, please email the following to debra.kingston@mma.edu.

- Your name and mailing address (where you would like your ID mailed).
- A quality digital color scan of your Driver's/State ID License
- A recent digital photograph of you, scanned or taken with a digital camera. Please stand in front of a solid colored wall. You should be photographed from your waist to just above your head. The image should be emailed in .JPG format and be clear. Do not wear a hat, a hood or sunglasses.

We will mail your MMA photo ID to the address you request.

The procedure for using the card will be included in the particular course homepage. All students are required to have a usable digital photograph submitted to Debra Kingston no later than September 15th of the entering academic year. Should you have any questions or concerns, please contact Debra at debra.kingston@mma.edu.

Instructional and Research Support

The Nutting Memorial Library

Located in Platz Hall, the Nutting Memorial Library has nearly 100,000 books, maps, charts, DVDs, and journals for you to borrow. The collections are particularly strong in the areas of maritime studies, marine technology, nautical history and business. We welcome you to visit the Library and take advantage of our three floors of study spaces, seminar room, and video recording room. We have a 24/7 study lounge, too!

The library's [website](#) serves as a gateway to 24/7 access to hundreds of thousands of resources including journal articles, e-books, and audiobooks. Materials not found in the library or online may be obtained from other institutions for free by using interlibrary loan. Group study areas are available within the library, as well as tables and individual study carrels in quiet areas on all three floors.

We look forward to your visit! Please contact us at library@mma.edu with any questions you have.

Laptop Requirements and FAQ

All Maine Maritime Academy students are required to have a Windows compatible laptop computer and printer.

Note: Certain majors will require software that does not run on a **Mac**.

MMA Laptop Purchasing Program

MMA has a laptop purchasing program through [GovConnection](#).

This year's laptop package is:

This year's laptop package is from Dell. This laptop does not have an Optical (CD/DVD) drive, so if you feel you need one you will have to purchase an external drive separately. To purchase a laptop, please click the GovConnection link above.

Dell Latitude 5590 (\$1,382.27)

Weights 4.5 lbs

Intel 8th Gen Core i5-8350U (1.7 Ghz Quad Core)

8 GB DDR4 RAM

500 GB 7200 RPM HDD

Intel HD Graphics 620

15.6" FHD Anti-glare screen with camera and mic

4 Cell 68 W/Hr battery

4 year On Site warranty with Accidental Damage Service

3 year battery service warranty

What this package does not include: This laptop package does not come with MMA's Office/Project/Visio bundle pre-installed. Students will be informed at Orientation as to how they can install Microsoft office.

For any other questions about the MMA Laptop Program please contact the MMA Help Desk, at 207-326-2240.

Laptop guidelines and requirements:

OPERATING SYSTEM

- Windows 10

HARD DRIVE

- At least a 128 Gigabyte (GB) hard drive.

RAM

- A minimum of 4 Gigabyte (GB) of RAM, but more is always better.

DVD-RW DRIVE

- A DVD Drive is optional equipment but can be used to back up important data.

JUMP/THUMB/FLASH USB DRIVE

- Some type of removable storage media is strongly recommended. These drives are available at virtually every computer box store as well as office supply store and are used for saving and transferring data from school computers to the student's laptop and back. These drives cost between \$15 and \$90, depending on the amount of storage purchased.

PRINTER

- Inexpensive inkjet printers can be purchased for as little as \$50. Consider the cost of consumables (ink cartridges, toner) when choosing a printer. Limited printing is available in the Library and in the Curtis Hall Computer Lounge.

WARRANTY SERVICES

- We strongly recommend the purchase of warranty service (up to four years if available) from the laptop manufacturer.

LAPTOP FAQ's:

Do I need to buy Microsoft Office?

No, MMA provides you with a copy of Microsoft Office. PC Users also get a copy of MS Visio and MS Project.

I'm an incoming Freshman, can I come in early to get Microsoft Office installed on my machine?

Our license for Microsoft Office only allows us to install the software once your are here on campus for orientation and onward.

My financial aid paperwork said that I have an expense for a computer. Does this mean one will be waiting for me when I arrive at MMA?

No, students are required to purchase their own equipment before arriving at the Academy. Per the Financial Aid office, the notice is only there to advise you on the potential total cost of your education.

I want to buy a Mac, is that ok?

It is not recommended that a student purchase a Mac unless they bring it to the Academy with some form of Windows (Windows 7 or Windows 8/8.1) already on it. There are many degree programs here that require the students to run applications that are PC only (for example: Visio and Project are two programs that are PC only, and both are used in the Engineering majors and IBL, respectively). Failing to do so can result in the student falling behind in class. I have also been told that there are enough differences between the Windows version of Office and Mac Office to cause difficulties.

Students can dual boot Mac OSX and Windows using a program call Bootcamp (free from Apple, requires a reboot to switch between operating systems). Another option is VMWare Fusion (~ \$60), which will allow you to start Windows whenever you need it from within Mac OSX. Parallels is another option that allows you to run Windows inside of OSX (~ \$80). The student will be required to purchase their own copy of Microsoft Windows for any of these options (~ \$100 for a Home Premium version).

Can you guys dual boot my Mac?

That is not a service that we provide. Many of our student technicians have very limited skills working with Apple computers and thus we may not be able to handle the request in a timely manner. It is better if the machine is brought to campus with Windows already installed.

Do I really need to buy a warranty with my computer?

While they can be expensive initially, a warranty can save you from incurring costs from damaged equipment should the worst happen. Dropping a computer can sometimes cause hundreds of dollars in damage, far more than the cost of the warranty.

Do I need an Antivirus? If so, which one should I get?

You will need an antivirus in order to use Maine Maritime Academy's networks. Which antivirus should you choose? Windows Defender comes with Windows 10 at no extra cost and works just fine. If you would like a third party product, Avast Free ([Click Here](#)) and Panda Free ([Click Here](#)) are also good options.

Remember that most paid antivirus programs work on a yearly subscription platform, so if you buy it this year you'll have to buy it again next year and the year after that.

Also remember that the antivirus that came on your computer might be a 30 or 60 day Trial, so check that out before coming to school. If it is a trial, you'll need to decide if you want to buy it and keep using it or replace it with something else.

I'm an incoming Freshman and my computer is acting weird, can you fix it for me?

Once the school year begins, all student may bring their computers to the Help Desk, located in the basement of Leavitt Hall, for service.

[Some application] is acting weird/not doing what it's supposed to, can you fix it?

We can try. Maine Maritime Academy employs a number of student workers to assist students with software issues, including reinstalling Windows.

My computer was damaged and needs new parts, what do I do?

Maine Maritime Academy is a Dell Certified Depot Center and is authorized to service Dell Latitude series computer hardware (provided they have a valid Dell depot warranty or better). The student will need to bring the damaged computer to the IT Shop in the basement of Leavitt Hall for diagnosis and repair.

MMA's technical services for other student computers is limited to student technicians who are trained to troubleshoot basic hardware problems and assist students in setting up service calls for hardware repair. Some vendors require that laptops be shipped back to the factory, while others require that laptops be taken to the nearest authorized service center.

Choose your vendor and service level carefully for the best experience in case of trouble.

Many vendors offer on-site service for their products – here is how it works.

1. Student calls vendor with a description of their problem, if required – vendor arranges for on-site service. Vendor ships needed parts to their contracted service personnel.
2. Contracted service personnel receive parts and contact the student to make arrangements to service computer at MMA.

If your warranty is expired, you may work with the student technicians regarding where to purchase replacement parts and when they (the student technicians) can install them for you.

I want to back my data up somewhere, what should I do?

Protecting your data is important. The purchase of a CD/DVD-RW drive or Flash/Jump/Thumb USB drive can make backing up your data much easier. Cloud services such as Dropbox or Skydrive are also useful alternatives.

The LSS Masters of Science Curricula

- On Campus – Global Logistics & Maritime Management
- Online – International Logistics Management

Requirements for the Master of Science Degree:

A Bachelors Degree from an accredited institution. Please go to the [Admissions Requirements & Procedures page](#) for additional Policy information.

GL&MM-On Campus Masters of Science degree – A total of 36 credit hours of graduate courses are required and shall be earned as follows:

- Four (4) credit hours earned in mid-August Business Orientation courses on campus
- Twenty-six (26) credit hours of required core and specialized courses with research approaches and methods in two traditional semesters on campus
- Six (6) credit hours of courses in a May-June six-week program ending Integrating Experience module on campus and in the field

ILM-Online Masters of Science degree – A total of 36 credit hours of graduate courses is required and shall be earned as follows:

- Nine (9) courses of four (4) credit hours each for a total of 36 credits earned Online.

Credits are not transferable between majors.

LSS On Campus M.S. Degree – GL&MM

Masters Orientation Courses – 4 credit hours

August

- OR503 Introduction to Research and Resources (1 Cr. hour)
- OR504 Introduction to Business and Management Functions (1 Cr. hour)
- OR505 Statistics for Business and Logistics (2 Cr. hours)

Fall

- BA542 Accounting and Finance for International Logistics (3 Cr. hours)
- BA545 International Organizational Development and Change for Supply Chain Providers (3 Cr. hours)
- BA546 Fundamentals of International Logistics (3 Cr. hours)
- BA544 Economics for Global Maritime, Transportation and Logistics (3 Cr. hours)
- RC540 Applied Research for Business & Consulting I (1 Cr. hour)

Spring

- BA552 Production & Operations Management for Manufacturing & Heavy Industry (3 Cr.

hours)

BA547 Global Strategic Marketing Management for Supply Chain Advantage (3 Cr. hours)

BA548 Applied Logistics for International Supply Chain Success (3 Cr. hours)

BA551 Port and Transport Terminal Operations in Global Logistics (3 Cr. hours)

May/June

BA560 Global Logistics & Maritime Management Strategy (4 Cr. hours)

BA561 Special Topics in Global Logistics & Maritime Management (3 Cr. hours)

LSS Online M.S. Degree -ILM

At least one course will be available each trimester. No more than two courses may be taken per trimester.

BA642 Accounting & Finance for Logistics Professionals (4 Cr. hours)

BA644 Economics of Transportation & Logistics (4 Cr. hours)

BA645 Managing Organization Development & Change in the Supply Chain (4 Cr. hours)

BA646 Fundamentals of International Logistics (4 Cr. hours)

BA647 Strategic Marketing for Global Supply Chain Managers (4 Cr. hours)

BA648 Integrated International Logistics (4 Cr. hours)

BA651 Port & Transport Terminal Operations in Global Logistics (4 Cr. hours)

BA652 Production & Operations Management for Manufacturing & Heavy Industry (4 Cr. hours)

BA660 Strategic Supply Chain management (4 Cr. hours)

BA661 Special Topics in ILM – if needed (4 Cr. Hours)

Course Exemption Policy

Applicants who have completed the MMA undergraduate IBL program and who are admitted to the online program will be provided an exemption from two graduate courses: BA646, Fundamentals of International Logistics and BA648, Integrated International Logistics, providing the qualifications below are met. This exemption is only permissible for students in the Online program.

Qualifications:

- Students must have graduated with a Bachelor of Science Degree in International Business & Logistics from Maine Maritime Academy and;
- Students must have earned a minimum average of 3.2 in all “LO” prefix courses

LSS Course Descriptions

- On Campus – Global Logistics & Maritime Management
- Online – International Logistics Management
- On campus & online – Master’s & Commander

On Campus Graduate Courses

Total Credit Hours – On Campus – Global Logistics & Maritime Management

- 36 Graduate courses shall be earned as follows:
- 15 credit hours of specific global logistics or maritime management courses
- 5 credit hours of Quantitative, Introductory and Research courses
- 16 credit hours of Core Business courses with a Global Logistics focus

The Curriculum

- Two-week orientation summer session in August
- Two traditional full semesters – Fall and Spring
- Six-week program wrap-up courses in May/June

August Orientation Courses – 4 credits

OR503 | Introduction to Research and Resources: This course will establish the basic vocabulary of business research and basic research concepts; introduce the electronic and print resources that will be used at MMA. Credit Hours-1

OR504 | Introduction to Business and Management Functions: This course will introduce the fundamentals of business and corporate organization functions and relationships focusing on logistics and maritime management in global supply chains for both planning as well as execution/implementation processes. Graduate Credit Hours-1

OR505 | Statistics for Business and Logistics: This course will introduce and review fundamental statistics used in business and logistics focusing on applied statistics; case studies will complement the classroom material. Graduate Credit Hours-2

Fall Semester – 13 credits

BA542 | Accounting and Finance for International Logistics: This course will focus on the understanding and use of accounting and finance by non-financial managers. Students will gain an understanding of the basic principles of accounting and finance. Students will learn how to apply that knowledge as a management tool in international logistics management. Financial statement analysis, internal control, inventory control and metrics, currency valuations, internal cost allocations, methods of controlling geographically and organizationally diverse business

units, financial ratios, working capital management, debt and equity financing, and other accounting and finance concepts will be addressed. The course will include both lectures and case studies. Graduate Credit Hours-3

BA545 | International Organizational Development & Change for Supply Chain Providers:

This course targets supply chain professionals who aim to develop organizational assessment and design skills that are vital in an era of mergers, acquisitions, and consolidations. Students consider the relationship of organizational design to organizational effectiveness, the challenges of strategy formulation, cross-cultural and national influences on organizational behavior and culture, the implications of change to organizational and workforce development, and the role of leadership in the 21st century. Business partnerships and casework examples that include logistics, maritime management, and operations examples will be featured. Graduate Credit Hours-3

BA546 | Fundamentals of International Logistics: This course will introduce the fundamentals of logistics as seen in inventory and freight transportation. Inventory topics include inventory's role in logistics, materials handling and packaging, warehousing function and management, and purchasing. Freight transportation will explore the freight modes or types of transportation, their characteristics and operations, and the growing role of containerized intermodal as well as the multimodal movement of product between modes. Graduate Credit Hours-3

BA544 | Economics for Global Maritime, Transportation & Logistics: This course will address the nature of the demand and supply for transportation and logistics services including costs and market structure for international transportation and logistics firms. The course will also explore tariff and non-tariff barriers to trade between nations. Various topics of risk management including working capital financing decisions, insurance, hedging and other risk management techniques for the purchase or sale of fuel, currency, and other products. Graduate Credit Hours-3

RC540 | Applied Research for Business & Consulting: This course focuses on professional development, professional ethics, and self-development in the context of serving as an internal (or external) management consultant, including types, roles, and activities of consulting. The course will develop the consultancy/research process, brief, and plan; data collection methods; and the collection of internal and external secondary data. Graduate Credit Hours-1

Spring Semester – 13 credits

BA552 | Production Operations Management for Manufacturing and Heavy Industry: This course introduces production and operations management used in manufacturing and heavy industry with an emphasis on heavy industry, shipbuilding and general manufacturing. The focus of the course is on operations in a manufacturing environment. Topics covered will include integrated design, program management, process selection and analysis, lean operations, quality systems, total quality management, facilities management, capacity planning and project planning and scheduling. Graduate Credit Hours-3

BA547 | Global Strategic Marketing Management for Supply Chain Advantage: This course illustrates how application of strategic marketing management principles in a global logistics and maritime context optimizes supply chain competitive advantage for manufacturers, retailers, and logistics service providers. Students consider the relationship of marketing to organizational strategy formulation, brand management, business-to-business relationships, business-to-consumer opportunities, and contemporary logistics challenges. In addition the course introduces qualitative research methodology, product/service development, customer relationship management (CRM), channel management, pricing, and integrated marketing communications. Case study, industry collaborations, and project work emphasize the importance of relationship marketing, systems thinking, and alignment throughout logistics and maritime management in the global supply chain. Graduate Credit Hours-3

[BA548 | Applied Logistics for International Supply Chain Success:](#) This course is the applied portion of concepts learned in BA546, Fundamentals of International Logistics. The course will utilize a variety of teaching methods such as case studies to ingrain logistics concepts in a more applied manner. Topics will include managing trade-offs of logistics, alternative logistics strategies (FTZ's), as well as preparing for and managing through disruptions in the supply chain. Graduate Credit Hours-3

BA551 | Port and Transport Terminal Operations in Global Logistics: This course will examine the roles of ports in international logistics; an in-depth study of transport terminals and their operations including terminals for ocean container; bulk; break-bulk; rail intermodal; rail carload; package; and inland water. Graduate Credit Hours-3

May-June Classes – 6 credits (required of all Graduate Students)

BA560 | Global Logistics & Maritime Management Strategy: This course will require students to analyze a significant case study or multiple case studies that incorporate most or all of the elements introduced in the Global Logistics and Maritime Management Program. Research and extensive writing will be expected. May be team taught. Graduate Credit Hours-4

BA561 | Special Topics in Global Logistics & Maritime Management: This course is designed to introduce the students to a world-class port or series of ports through study and evaluation culminating in a week at a port and its related facilities and operations. May be team taught. Graduate Credit Hours-3

Independent Study – if needed

RC698 | Special Topics in Research: A course allowing students to pursue advanced topics of international business and logistics not offered in the curriculum. Topics of study will depend on the interests of the student and supervising faculty member(s). Approval by department chair is required. Graduate Credit Hours – 1-3

Online Graduate Courses

Online – ILM

Total Credit Hours – Online – International Logistics Management

- 36 Graduate hours shall be earned as follows:
- A total of 36 credit hours of graduate courses are required for the ILM-Online Masters of Science degree and shall be earned as follows:
- Nine (9) courses of four (4) credit hours each for a total of 36 credits earned Online.

The Curriculum:

Each course is asynchronous. There will be at least one course per trimester. Students may not take more than two courses per trimester.

BA642 | Accounting & Finance for Logistics Professionals: This course will address Accounting and Finance and their use in business situations by operational managers. Students will gain an understanding of the basic principles of accounting and finance. Students will apply their knowledge to real world logistics case studies. Financial statement analysis, internal control, inventory control and metrics, currency valuations, organizational and capital budgeting, internal cost allocations, methods of controlling geographically and organizationally diverse business units, financial ratios, working capital management, debt and equity financing, and other accounting and finance concepts will be addressed. The course will include lectures, case studies, and financial analysis projects. Graduate Credit Hours-4

BA644 | Economics of Transportation and Logistics: An applied course in economics that deals with the allocation of scarce resources within the entire supply chain process, with an emphasis on the transportation industry. Topics include: the theory of the firm, forecasting demand, market structure, and government regulations. Additional topics include role of transportation and logistics in the growth of world trade, tariffs, quotas, international payments, exchange rate determination, and hedging foreign exchange risk. Graduate Credit Hours-4

BA645 | Managing Organization Development and Change in the Supply Chain: This course targets supply chain professionals who aim to develop organizational assessment, intervention, and design skills that are vital in an era of mergers, acquisitions, and consolidations. Students consider the relationship of organizational design to organizational effectiveness, the challenges of strategy formulation, cross-cultural and national influences on organizational behavior and culture, implications of change to organizational and workforce development, and the role of leadership in the 21st century through business partnerships and casework that includes logistics, maritime management, and operations examples. Graduate Credit Hours-4

BA646 | Fundamentals of Logistics: This course addresses the fundamental logistics concepts and applications of moving commodities, parts, and products (inventory) as well as reverse logistics. Within the framework of supply chain management the fundamentals course focuses on the physical movement of inventory within and through warehouses as well as the in transit inventory in freight transportation modes and processes, freight transportation being the largest

spend in logistics. Also covered are the information, financial transaction, administration/documentation, and basic inventory analysis tools associated with the physical movement of inventory. Graduate Credit Hours-4

BA647 | Strategic Marketing for Global Supply Chain Managers: This course will focus on the application of strategic marketing management principles in international business organizations. Specific attention will be given to the importance of supply chain optimization to overall marketing strategy. Students will study the relationship of marketing to organizational strategy formulation, brand management, business-to-business relationships, business-to-consumer opportunities, and contemporary logistics challenges. Course will include lectures, case studies and group projects. Graduate Credit Hours-4

BA648 | Integrated International Logistics: This course will examine how integrated international logistics applications and decisions are made which will have an impact on functional areas of an organization trying to achieve efficiency and effectiveness throughout the supply chain. Discussions revolving around export-import strategy, multinational logistics strategy, FTZ's, classification of products, Incoterms, international payment processes, review of transportation modes, and resiliency will be reviewed. The effects of government trade and public policies on global logistics operations will also be analyzed. This course will utilize a variety of teaching methods such as case studies to ingrain logistics concepts in a more applied manner. Graduate Credit Hours-4

BA651 | Port & Transport Terminal Operations in Global Logistics: This course will examine the roles of ports in international logistics; an in-depth study of transport terminals and their operations including terminals for ocean container; bulk; break-bulk; rail intermodal; rail carload; package; and inland water. Graduate Credit Hours-4

BA652 | Production & Operations Management for Manufacturing & Heavy Industry: This course introduces production/operations management used in manufacturing and heavy industry with emphasis on the heavy, shipbuilding and general manufacturing industry. The focus of the course is on operations in manufacturing and some topics it will cover are integrated design, program management, process selection and analysis, lean operations, quality systems, total quality management, facilities management, capacity planning and project planning and scheduling. Graduate Credit Hours-4

BA660 | Strategic Supply Chain Management: This course is designed as a capstone course in which students learn and apply various models and tools to formulate a business strategy. The students will learn and apply the process of situational analysis including the macro-environment, industry environment, and internal situation of the firm. This analysis will be used to create alternative strategies and determine the optimal strategy to be implemented. The course also examines the processes and issues to implement the selected strategy. Essentially, this course will take many of the concepts learned in previous graduate courses and apply them here. This course will go beyond the traditional pedagogy and explore actual strategic decision making and business development planning. Graduate Credit Hours-4

*BA661 Special Topics in ILM – as needed – not required. Graduate Credit Hours- 1- 4

Master's & Commander Graduate Program

The Master's & Commander Curriculum

Pre-Requisites:

A BACHELOR'S DEGREE (B.A. or B.S) from an accredited institution is required. Please see the "[Admissions Requirements & Procedures](#)" link for additional policy information.

A total of 78 credit hours over two years of graduate and undergraduate courses are required to complete the Master's and Commander Program. Master's and Commander students will be eligible to complete the USCG exam for a 200 Gross Ton Mate Near Coastal license.

The Masters of Science degree (Maritime Management) and the opportunity to sit for the 200-ton United States Coast Guard exam credits shall be earned as follows:

36 Graduate credits from the fully accredited Online program as described below. The Online program is a trimester program. New Trimesters begin in September, January and May. Students may take one or two courses per trimester. The sequence of courses may not follow any particular order.

The Graduate Master's & Commander curriculum

Financial Information August 2018-May 2019

Master of Science Degree Programs – On Campus & Online

Tuition, fees and fiscal policies are established by the Academy Board of Trustees and may be adjusted by the Board without prior notice.

Application Fee (waived if application submitted online)	\$50
Graduate Tuition Rate per credit hour: (On Campus)	\$570 Maine In-state rate \$855 Regional rate \$1,110 Out of State \$1,610 International
Online Graduate Tuition Rate per credit hour	\$900
Online Technology Fee	\$130 per course
Online Administrative Fee	\$40 per semester/term
Lodging is available on campus on a first-come, first-serve basis at the following rates:	
Occupancy (per suite)	\$5,305 each semester (fall & spring semesters) \$305 per week (August & May terms)
Suite damage deposit (refundable)	\$200
Full Board Plan	\$3,095 per semester
Commuter Board Plan	\$1,020 per semester
Other Fees: (On Campus)	
Student Technology Fee	\$568 per semester / \$100 per term (August & May)
Energy Fee	\$300 per semester / \$50 per term (August & May)
Student Life Fee	\$230 per academic year / \$25 per term (August & May)

Administrative Fee	\$361 per semester / \$40 per term (August & May)
BA561 Course/Travel Fee	\$1,895
Alumni Advantage: Students who earned their Undergraduate degree at MMA are entitled to the Alumni Advantage Tuition Rates. These students will pay the current full time tuition rate established for Undergraduate students up to 13 credit hours per term and/or the per credit hour rate for less than 9 credits or more than 13.	Undergraduate Tuition Rate: up to 13 credit hours per term \$5,225 Maine In-state \$7,840 Regional \$12,035 Out of State Per credit hour: < 9 or > 13 credit hours per term \$355 Maine In-state rate \$535 Regional rate \$805 Out of State
Alumni Advantage Online: Online graduate students in the Alumni Advantage program will pay a flat discounted rate regardless of residency.	\$750 Alumni Advantage Online per credit hour

Books are additional and vary by course.

Payments for student's accounts, declining balances, or parking permits can be made electronically by signing onto the portal. Direct debit payment (ACH/electronic check) is available at no charge. Visa/MasterCard, Discover; American Express can be used with a 2.9% fee required. All payments are in US\$.

Master of Science Degree Programs

An application fee of US\$50.00 is required unless the application is made electronically, in which case the fee is waived. Upon notification of acceptance for admission, participants will be required to deposit US\$200.00 non-refundable fee, which will be credited toward tuition for the first semester attended. Tuition and other costs are subject to change without notice. Credit cards can be accepted. Funds must be drawn on a United States banking institution.

Financial Statement

An audited Financial Statement is produced following the end of each fiscal year. For a copy, please request one by writing to the Maine Maritime Academy, Office of Administration, Finance, and Governmental Relations.

Refund Policy

Policy for MS GL&MM students who withdraw from courses

There are two tuition billing cycles for the GL&MM program. One payment is calculated for the August Orientation session plus the fall semester, and the second tuition payment is for the spring semester plus the May/June session. There are no opportunities to make up the courses until the following academic year.

Students who request the opportunity to withdraw from a course at any time during the first week of the two-week August “Orientation” session which precedes the fall semester will be granted a 50% refund for the Orientation session and a 100% refund for the fall semester. No refunds will be granted during the second week for the Orientation session, but the student will receive 100% of the fall portion of the tuition payment upon completion of the withdrawal paperwork. The student will be granted a leave of absence from the program upon completion of the withdraw submittal requested during the Orientation session but will not need to re-apply if they desire to continue in the program in the next academic year. Students who complete the Orientation session and then wish to withdraw from a course thereafter will have refunds for the fall and spring semesters calculated in accordance with the following schedule. A student who seeks to Withdraw during the May/June session must have a personal conference with the Graduate School Dean prior to submitting the Withdrawal Request to the Registrar. No refund will be made for the May/June session, however the student may return to the following May/June session without a tuition penalty. All other fees/costs will be required for a student returning to the May/June session after Withdrawal.

- Prior to the third week 75 percent
- Prior to the fifth week 50 percent
- Prior to the seventh week 25 percent
- After start of seventh week 0 percent

A student who withdraws must file a Withdrawal Notice in writing with the Registrar’s Office. Notification should also be sent to the Graduate Office via email. This notification does not replace the “Withdraw” notice to the Registrar. Refund credit will be computed from the time that official notice is received in the Registrar’s Office. Non-attendance of class does not constitute an official withdrawal.

Fees, if any, are refunded on a prorated basis for unused weeks. Application fees, acceptance deposits, and initial registration fees are non-refundable.

Policy for MS ILM students who withdraw from courses

Students register for their courses prior to each trimester and receive tuition notices based on their registration. Students may register for one or two classes per trimester.

Refunds for withdrawals are in accordance with the following schedule.

- Prior to the third week 75 percent

- Prior to the fifth week 50 percent
- Prior to the seventh week 25 percent
- After start of seventh week 0 percent

A student who withdraws must file a Withdrawal Notice in writing with the Registrar's Office. Notification should also be sent to the Graduate Office via email. This notification does not replace the "Withdraw" notice to the Registrar. Refund credit will be computed from the time that official notice is received in the Registrar's Office. Non-attendance does not constitute an official withdrawal.

Fees, if any, are refunded on a prorated basis for unused weeks. Application fees, acceptance deposits, and initial registration fees are non-refundable.

Financial Aid

Graduate students who are United States citizens may receive [financial aid](#) from several sources. Graduate students may be eligible for \$20,500 in a Direct Unsubsidized Stafford Loan. Students may also seek employment in the area or on-campus and may, in certain circumstances, qualify for federal work study funds. Depending upon an international student's immigration status, s/he may be eligible for on-campus employment. Occasionally, grants and scholarships from nonprofit organizations, professional organizations, and transportation-related companies become available. Students are encouraged to check with their local libraries or the web site for scholarship possibilities. When applying for financial aid, prospective and returning students must complete the Free Application for Federal Student Aid (FAFSA); and, in some cases, a verification worksheet may be required and will be requested by Maine Maritime Academy.

Veterans

MMA programs are approved for the enrollment of military personnel, veterans, and their eligible dependents under the various educational assistance programs (GI Bill®). Programs are approved by the State Approving Agency, Division of Military and Veterans Education, or State Department of Education. Students who plan to receive veterans' education benefits must contact the Registrar's Office, Laura Nason-Moulton, VA Certifying Official, Phone:207-326-2384/207-326-0104, Fax: 207-326-2508/207-326-2510, laura.nason@mma.edu.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Contact the Financial Aid Office, Maine Maritime Academy, Castine, ME 04420, 207/326-2339 Office; 207/326-2515 Fax. For further information and/or financial aid materials contact kathy.heath@mma.edu.

Finance Office/Payments

Students who are not in satisfactory financial standing as determined by the MMA Finance Department are subject to being placed on the “STOP” list; which will prevent them from seeing their grades and may affect their access to the Learning Management System. The MMA Academic Year is July 1st– June 30th of the following calendar year. The following policy applies to graduate students in both the on campus GLMM and online ILM programs offered by the Loeb-Sullivan School.

Maine Maritime Academy Tuition Payments/Invoices are due and payable no later than the last business day of the first week of class.

Students relying on Financial Aid to pay balances must have all signed award letters, Master Promissory Notes, and Entrance Counseling requirements completed no later than the last business day of the first week of class.

Insurance

All students are required to sign onto the MMA portal to complete the online insurance information once per academic year; no later than the last business day of the first week of class.

The link to the student insurance information can be found by logging in to the student portal and looking for the Insurance Link on the About Me tab in the upper right corner of the page. Go to “Update Insurance Information.”

When do you file a FAFSA?

Enrolling in our on-campus program, August – May, you may file your FAFSA as early as October 1 for the current year you will be enrolling.

Enrolling in our online program, you may have to file a FAFSA multiple times depending on your start date. For example, we start online courses in September, January and May. So if you begin in September and you continue straight through the program you will only have to file a FAFSA once. If you begin in January or May and continue straight through you will have to file a FAFSA twice, because you are overlapping academic years.

For additional information regarding students bills please contact:

Diana Snapp diana.snapp@mma.edu 207-326-0143 or Diane Harmon diane.harmon@mma.edu 207-326-2243. Their offices are located on the 2nd floor of Leavitt Hall.

For information regarding Financial Aid, please contact:

Kathy Heath kathy.heath@mma.edu 207-326-2339.

Admissions Requirements and Procedures

Loeb-Sullivan School invites applications from all individuals interested in pursuing challenging new opportunities in international business/maritime management/supply chain management. For the benefit of participants and the program, the Graduate Admissions Committee seeks a group of students with comparable managerial aspirations, but with diverse skills and experiences. Applications are accepted until June 1 of the entering year.

Applicants must possess an accredited baccalaureate degree or equivalent; a business degree is not a prerequisite. Applicant selection is based on evidence of academic capability demonstrated by college grade-point average, scores on either the Graduate Record Examination (GRE) or the Graduate Management Admission Test (GMAT), and evidence of motivation for completing the program as demonstrated by the candidate's personal statement of intent and letters of recommendation. Essay responses are critical for this writing intensive program.

The Graduate Admissions Committee will consider the following primary criteria in determining admission to the graduate program:

- Ability to produce high-quality work
- Potential contribution to the class and the program
- Relevant profession experience
- Motivation for completing the program

All application materials are available on-line at the Loeb-Sullivan School website:

- <https://mainemaritime.edu/academics/graduate-programs/>
- <https://mainemaritime.edu/admissions/graduate-admissions/>

Admissions Checklist

Each of the following items is required to process the application. Applications for the On Campus MS degree program are accepted until June 1 of the entering year. Applications for the trimester Online MS degree program are due August 1 for fall, December 1 for spring and April 1 for summer. The first item to submit is an application. An Admissions Committee Review folder is not started until the application is received.

<https://mainemaritime.edu/admissions/graduate-admissions/>

Application for Admission:

Apply to the Graduate School by submitting an online application. If a written copy is required, please contact the administrative coordinator of the graduate school.

Transcripts:

An official copy of your transcript from each post-secondary institution attended must be mailed directly to Maine Maritime Academy. No e-mail submissions or scanned copies will be accepted. Mailing address: *Maine Maritime Academy, Pilot House, 1 Pleasant St., Castine, ME 04420*

Two (2) Letter of Recommendation:

A Letter of Recommendation, academic or professional, will automatically be e-mailed to two (2) individuals of your choice when you complete the online application.

Current Resume

Personal Statement of Interest

GMAT or GRE

Your Graduate Management Admission Test (GMAT) or Graduate Record Exam (GRE), results must be sent **directly** to Maine Maritime Academy, Loeb-Sullivan School Department of Graduate Studies by the testing agency. Our ID# is **3505**. No scans or copies will be accepted.

English Language Proficiency Requirement for International Students:

Applicants whose language of education is not English **must submit** results of the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). Examination results must be sent **directly** to Maine Maritime Academy, Loeb-Sullivan School Department of Graduate Studies by the testing agency. Our institutional code is **3505**. No scans or copies will be accepted.

Non-U.S. Diplomas, Certificates, Licenses, and Transcripts:

Those students wishing to apply with other than United States credentials must have all non-U.S. diplomas, certificates, licenses, and transcripts **evaluated by an approved clearinghouse**. Clearinghouses verify international transcripts for: authenticity, grade and course equivalency, and transfer credits awarded. We recognize the following two (2) evaluation service providers:

- World Education Service www.wes.org
- Globe Language Services, Inc. <http://www.globelanguage.com>

Campus Information and Student Services

Visit MMA

Our 35-acre campus is located on a hillside overlooking majestic Penobscot Bay. The picturesque town of [Castine](#), the home of Maine Maritime Academy, is rich in history, culture, natural beauty, and maritime tradition.

Our [map and directions](#) will help you plot your trip down the winding road to Castine. The village's main street has a bakery, bank, bookstore, general store, art galleries and two inns to welcome travelers. The summer season is busy with fairs and festivals, dining and shopping at the waterfront, golf, sailing, kayaking, and other pursuits.

The campus is 40 miles from Bangor, Maine's third largest city, and close to [Acadia National Park](#), [Baxter State Park](#), the [Appalachian Trail](#), and other attractions. Please see the [Castine Area](#) page for resources to plan your visit.

Prospective students: if you're planning a visit to Maine Maritime Academy, you have several options for when and how you spend your time on campus. Learn more by visiting our [admissions department](#).

For groups interested in hosting events on campus, please visit the [Conferences](#) section of this website for information on facilities and dining options.

Tobacco-Free Notice: For the health and wellbeing of our community, the Maine Maritime Academy campus and vessels (ashore and afloat) are smoke- and tobacco-free.

- [Smoke and Tobacco Free Campus Policy](#) (effective August 1, 2016)

On-Campus Living

Maine Maritime Academy prides itself as a residential campus, with residential facilities serving both our undergraduate and graduate student populations. All students are required to live on-campus, unless the [off-campus housing](#) requirements can be met.

When do I report to campus to move in or report if I'm living on-campus or if I'm commuting?

Fall Athletes – Pre-season (*By invitation only.*)

- Football – Friday, August 10 – 10:00 a.m. – 12:00 p.m.
- Men’s Soccer, Women’s Soccer & Volleyball – Friday, August 17 – 10:00 a.m. – 12:00 p.m.
- Cross Country, Golf and Sailing – No pre-season

NROTC Training Staff (*By invitation only.*)

- Friday, August 10 – 10:00 – 12:00 p.m.

NROTC/SSOP Students (*By invitation only.*)

- Sunday, August 12 – 8:00 a.m.

Resident Assistant’s / Regimental Training Staff (*By invitation only.*)

- Sunday August 12 – 8:00-12:00 a.m.

Regimental First Year Students

- Thursday, August 16 – 8:00 a.m. – 11:00 a.m.

Non-Regimental/Independent First Year Students

- Friday, August 24 – 10:00 a.m. – 12:00 p.m.

All other Returning Students

- Sunday, August 26 – 2:00 p.m. – 11:00 p.m.

All times are subject to change. Athletics are bound to NCAA policies.

Curtis Hall

Curtis Hall is the largest residential facility of its kind in the state of Maine, Curtis Hall houses up to 667 undergraduate students in any given year. Most residents live in double or triple rooms and share either semi-private or community bathrooms. A number of administrative offices and student services can also be found in this building, including Health Services, the Dean of Student Services, the Commandant’s Staff, and the Residential Life & Student Activities staff. Curtis Hall is also the home to the Campus Bookstore, Barbershop, Regimental Wedge office, Alpha Phi Omega Office, the Bilge (Recreation Room), Gaming Lounge, the Clubs and Organizations space, and study lounge.

The Assistant Director of Residential Life and Resident Director for Curtis Hall lives in Curtis Hall. They supervise fourteen residential Resident Assistants (RAs) who live in Curtis Hall and one Senior Resident Assistant who lives in the Commons. RAs are responsible for building community through programming that enhances the academic experience at the Academy. RAs

also provide supervision of Curtis Hall and the Commons, monitor access to the building, provide incident management, monitor conduct, address safety concerns, assist students as needed and submit maintenance work orders when necessary.

The Commons Apartments

The Commons Apartments consist of one bedroom apartments furnished for double occupancy. The Commons Apartments house up to 38 Undergraduate and Graduate students 21 years of age or older.

The Student Activities Coordinator and Commons Apartments Residence Manager and the Senior Resident Assistant lives within the facility and is available to help residents with administrative needs as also provide supervision the Commons, monitor access to the building, provide incident management, monitor conduct, address safety concerns, assist students as needed and submit maintenance work orders when necessary.

Off-Campus Living

Every year that a student lives off-campus, an [Off Campus Housing Application](#) must be filed online in the Housing Gateway. All potential off-campus students must also attend an Off-Campus Living Information Meeting. Meetings are held throughout the spring semester. Students only need to attend one meeting.

Students who meet one of the below criteria may reside off-campus:

- 21 years of age by August 31st to live off campus during the Fall semester
- 21 years of age by December 31st to live off campus during the Spring semester
- Systems major in the program's fifth year
- Graduate Student
- 6 or more semesters of on campus living (not necessarily at MMA)
- *Non-Traditional student (24 years of age, married, or veteran with at least 2 years of military service and an honorable discharge)
- Living at home with their immediate family (mother, father, permanent guardian) and their PRIMARY residence meets the following conditions.
 - The student's home must be within 45 miles, via traveled road (Bangor, Belfast, Ellsworth reference points) from the MMA Campus. Mapquest will be used as the official measurement for the 45 mile maximum distance.
 - When granted for students who are Freshmen, Sophomore or Juniors, this authorization is only in effect as long as the student is living at home (with their immediate family or guardian).
 - No change of status as stated above can be made without prior approval of the Housing Appeals Board or the Dean of Students.
 - Regimental students are expected to meet with their Company Officer to discuss their requirements and to comply with all Regimental requirements such as attending morning formations (colors) or other meetings as deemed appropriate.

***Regimental First Year Students must live on campus unless they meet the Regimental Non-Traditional Requirements.** Living off-campus does not exempt a Midshipman from any regimental duties or requirements. It is the responsibility of off-campus Midshipmen to keep themselves informed of any information promulgated within the regimental system such as the Plan of the Day. All training ship residency requirements for ship familiarization and cruise preparations must be satisfied. Off-campus Midshipmen who are on the watch bill, including those Midshipmen assigned as stand-bys, are in a duty status and will remain at their residence when not on watch or attending class. Otherwise they must keep the MCDO informed of their location in the event their recall is required. Off-campus Midshipmen are required to have a working telephone and their telephone number and address on file with the Commandant's Office.

If you do not meet any of the above criteria, but feel you have a significant reason to reside off-campus, you may appeal to the Residential Housing Appeals Board, which meets once a semester. For information regarding the Housing Appeals Board, please contact Kathy Heath, Housing Appeals Board Chair and Director of Financial Aid at kathy.heath@mma.edu.

Please Note: Students who complete an on-campus housing application and sign and complete a Residential and Housing Contract in the Housing Gateway, and later decide to move off-campus, must notify Residential Life by the appropriate deadline in order to avoid any administrative fees. Deadlines for cancelling housing assignments are outlined in the Housing Contract that was signed and agreed to in the housing gateway during housing selection. For more information on housing assignment cancellation, please email housing@mma.edu.

Off-Campus Living Resources

- MaineHousingSearch.org: Maine's FREE rental listing service from the Maine State Housing Authority
- [*The Rights of Tenants in Maine*](#): Pine Tree Legal Assistance's Handbook gives you a quick look at Maine's landlord-tenant laws as of December 2007
- [Housing Gateway](#): Online gateway where students submit housing application, students of concern, complete housing inventories and register guests.

When do I report to campus to move-in or report if I'm living on-campus or if I'm commuting?

Fall Athletes – Pre-season (*By invitation only.*)

- Football – Friday, August 10 – 10:00 a.m. – 12:00 p.m.
- Men's Soccer, Women's Soccer & Volleyball – Friday, August 17 – 10:00 a.m. – 12:00 p.m.
- Cross Country, Golf and Sailing – No pre-season

NROTC Training Staff (*By invitation only.*)

- Friday, August 10 – 10:00 – 12:00 p.m.

NROTC/SSOP Students *(By invitation only.)*

- Sunday, August 12 – 8:00 a.m.

Resident Assistant's / Regimental Training Staff *(By invitation only.)*

- Sunday August 12 – 8:00-12:00 a.m.

Regimental First Year Students

- Thursday, August 16 – 8:00 a.m. – 11:00 a.m.

Non-Regimental/Independent First Year Students

- Friday, August 24 – 10:00 a.m. – 12:00 p.m.

All other Returning Students

- Sunday, August 26 – 2:00 p.m. – 11:00 p.m.

All times are subject to change. Athletics are bound to NCAA policies.

Health & Counseling Services

Student Health and Counseling Services enhance the educational process by:

- Modifying or removing health related barriers to learning
- Promoting optimal wellness
- Enabling individuals to make informed decisions about health related concerns
- Empowering students to be self-directed and well informed consumers of health care.

Health & Counseling Services include:

- Acute care
- Referrals
- Women's health clinic
- Preventive care
- Education
- Smoke & tobacco cessation
- Immunization clinics
- [Personal counseling](#)
- Drug testing
- Limited pharmacy
- USCG license physical exams

Health and counseling services are located on the main level of Curtis Hall, the student residence hall.

Hours of Operation

Health Services

Monday – Friday, 7:00 AM – 3:00 PM during the academic year.

No appointments are necessary.

All questions regarding Maine Maritime Academy’s Health Services should be directed to [Tammy Tyler](#), RN, ASN, Director of Health Services, (207) 326-2295.

Counseling Services

Monday- Friday, 8 AM to 4 PM

Walk-in time is available daily at the Counseling Services office.

Make an appointment by phone, email or stop by the office.

All questions regarding [Counseling Services](#) should be directed to [Paul Ferreira](#), MSW, LCSW, Counselor and Prevention Education Coordinator, (207) 326-2419.

Complete confidentiality is maintained.

General Information

- There is no fee for students to see the doctor, nurse, or counselor. There may be a fee charged to the student account for some supplies and medications that are provided to the students.
- It is MMA policy to assist students with transportation for emergencies or medical and urgent care appointments if they are unable to arrange transportation themselves.
- After hours and on weekends, emergency care can be initiated by calling 911 or calling MMA Security Office (207)326-2479 or ext. 2479.
- Local ambulance service is available and healthcare providers are located in hospitals in Blue Hill (20 mi.), Ellsworth (30 mi.), and Bangor (40 mi.).
- The college counselor provides professional personal counseling for students and serves as the Substance Abuse Prevention Education Coordinator. Services are free.
- During the annual training cruise aboard the T.S. State of Maine, a physician and nurse are aboard.
- [Required Medical Forms](#)

Personnel

- [Tammy Tyler](#), RN, ASN, Director of Health Services, (207) 326-2295 or ext. 2295.
- Dr. John Tyler, MD, Academy Physician is available Mon- Fri from 8:00 am -12:00 pm, during the academic year. Appointments are recommended.
- [Paul Ferreira](#), MSW, LCSW, Counselor and Prevention Education Coordinator, provides personal, crisis and substance abuse counseling and education. (207) 326-2419 or ext. 2419. Students who prefer to meet with a female counselor should contact the Director of Counseling, Paul Ferreira, or the Dean of Students, deidra.davis@mma.edu to request to

meet with a female counselor. The college has contracts with area female counselors who can accommodate this request.

Immunizations

The Maine State Legislature has enacted a law which requires all degree and full-time non-degree students born after December 31, 1956 to provide proof of immunization or immunity to the following diseases:

- A tetanus/diphtheria vaccine must have been given within 10 years of enrollment to MMA. You must be re-immunized if your tetanus is out of date.
- Measles (rubeola), mumps, and rubella must have been given after the student's first birthday with a live vaccine. If the vaccine was given prior to 1968, you must present laboratory results of your titer tests. A letter from your doctor is not acceptable. If immunization cannot be determined, re-immunization is required.
- Re-immunization is highly recommended if the MMR (measles, mumps, rubella) vaccine was given before 1980.

Due to the potential for MMA students having to travel outside the United States for cruises/co-ops, and on the recommendations from the American College Health Association and the Center for Disease Control, Maine Maritime Academy also requires evidence of the following immunizations:

- 2nd dose measles administered between the ages of 2-4 years or later,
- Varicella (chickenpox) or history of having had the disease,
- Hepatitis B vaccine (series of 3 doses given at appropriate intervals),
- Hepatitis A vaccine (series of 2 doses given at appropriate intervals),
- Meningococcal vaccine
- Mantoux test for tuberculosis

To demonstrate adequate immunization against each disease, you must present a certificate of immunization from the physician, nurse, public health official, or school provider who administered the immunization. The proof must specify the immunizing agent and the date it was administered. School health records are usually accepted to meet these requirements. Students may be exempt from the immunization requirement for one of the following reasons:

- A physician's statement declaring that vaccination is medically inadvisable, or
- opposition to immunization based on sincerely held religious, moral, philosophical, and/or personal beliefs. A detailed written request must be submitted to the Director of Health Services. If the student is under 18 years of age, the documentation must be from a parent or guardian.

Any student exempt from compliance will be required to leave MMA if there is one or more incubation periods/outbreaks of any disease on campus. Also, be aware that a student may be denied to cruise/co-op if, in view of the attending medical professional, the student does not meet the immunization requirements or recommendations.

NOTE: Be advised that some companies providing cadet shipping/co-ops billets may require additional immunizations and/or benzene tests.

Questions concerning immunizations should be directed to MMA’s Director of Health Services at (207)326-2295.

Drug Testing

All students at Maine Maritime Academy, regardless of major, are required to participate in a random urinalysis program during their enrollment. All students who act as part of the crew of any MMA vessel, transport students in MMA vehicles, and/or pursue MMA co-ops or cadet shipping must participate in the random and pre-employment drug testing program.

Maine Maritime Academy complies with [Title 46 Code of Federal Regulations 16.230](#) mandating periodic, random, pre-employment, post-incident, and reasonable cause drug testing for all students and employees whose positions require this testing. All students and employees who act as part of the crew of any Academy vessel, both documented and undocumented, and in addition, when transporting students in Academy vehicles shall be subject to this policy. Federal law requires periodic or random drug testing of students prior to training cruises, cadet shipping, or taking of a U.S. Coast Guard physical examination. All students who are enrolled in a curriculum leading to a U.S. Coast Guard license are automatically subject to random drug testing without notice. Additionally, since drug testing and “zero-tolerance” drug policies have become standard in the industries in which most of our students will be working, as co-op students and as employees, it is the Academy’s policy that any student pursuing an Academy Cooperative Education Experience (co-op) must participate in the random and pre-employment drug testing program.

Additionally, any students who are in a disciplinary status for any violation of our drug or drug testing policies may be subject to increased random drug testing.

- Marine Engineering Operations
- Marine Engineering Technology
- Marine Systems Engineering – Design/License program
- Marine Transportation Operations
- Small Vessel Operations

Accessibility Services

Information for Students and Prospective Students Seeking Accommodation for a Disability

Accessibility Services assists students in securing need-based accommodations consistent with their disabilities. In accord with all federal and state regulations, Maine Maritime Academy is committed to providing students with the support and access needed to achieve one’s academic

potential. Common accommodations for qualified students include, but are not limited to, extra time on tests, use of MMA's testing center, copies of student notes, assistive technology, and alternative-format textbooks. Our office also coordinates dietary accommodations for students with Maine Maritime Academy's Sodexo Dining Services. Accessibility Services also coordinates academic support services for all students, such as peer- and faculty-led tutoring and writing help.

Requesting Accommodations

Students may request accommodations for disabilities at any time. They then must meet with the Accessibility Services director, complete an [Accommodation Request Form](#), and document their disabilities. Items such as a recent 504 plan, individualized education program, summary of performance, neuropsychological report, or letter from a medical professional usually provide adequate documentation. Once Accessibility Services approves a request, the student receives an accommodation letter. Students renew their letters each semester.

Students with special dietary needs should complete a [Dietary Accommodation Request Form](#) and read the general information on the front of the form. Maine Maritime Academy's [Sodexo Dining Services](#) routinely assists with many dietary needs, such as gluten-free, vegan, vegetarian, and nut-free diets, such that a formal dietary accommodation plan may not be necessary.

A student enrolled in an online course or program may be entitled to accommodations for a disability. Please refer to the [Academy's Accommodation Policy](#) for eligibility. The policy applies to all Maine Maritime Academy students, both on campus and online. The Accessibility Services director will waive the in-person meeting for students taking online courses or programs and for whom travel would be difficult. In these cases, the student will need to meet electronically (telephone, email, or video conference) in addition to submitting all required documentation.

Using Accommodations in College

All Maine Maritime Academy students must meet the same academic standards. Accommodations make reasonable adjustments to the instructional process, but they cannot alter the essential content of a college course or program. Students notify their instructors of approved accommodations. Though an instructor must provide an accommodation once asked, accommodations do not apply retroactively. Visit this link for more information on [using accommodations](#) successfully.

Student Records

Upon written request, students, alumni, and former students are authorized access to records of their attendance, performance, and scholastic achievement. This policy is in accordance with the Family Educational Rights and Privacy Act of 1974 as amended. The regulations are available to interested persons upon request and, as an official part of the Academy's rules and regulations, are disseminated to all students. Any individual, who believes his /her rights under this act have

been infringed upon, may appeal to the Vice President for Academic Affairs or the President of Maine Maritime Academy, or directly to the Secretary of Education, Washington, D.C.

Student transcripts are issued by the Registrar upon written request. A nominal fee is charged for this service. The Registrar can be reached by phone at (207) 326-2441. Persons with outstanding financial obligations may not be furnished with official copies of Academy records until these obligations are met. Unless specifically requested in writing not to do so, the Academy reserves the right to publish directory information as defined by the Family Educational Rights and Privacy Act of 1974. Such information, relating to student activities at Maine Maritime, includes a student's name, address, date and place of birth, participation in athletics and other student activities, degrees, awards, and other similar information.

Career Services

Maine Maritime Academy enjoys a long-standing tradition of producing graduates who are competent and ready to work in a wide range of worldwide industries. In support of the school's mission to empower students to take on leadership roles, encourage rigorous self-discipline, promote curiosity, and provide graduates with the skills, ethics, and knowledge needed to succeed in the global economy, Career Services provides the following:

1. Assisting students developing business skills and etiquette;
2. Career and internship preparation and planning;
3. Developing new business/corporate internship and career opportunities;
4. Resource for learning about companies and related industries;
5. Administering the academy's cadet shipping, co-op, internship, and field experience programs;
6. Maintaining the MMA online career center;
7. Managing career placement and associated data.

With a placement rate of approximately 95% within six months of graduation, MMA consistently produces students who are committed to their industry, know the value of hard work, and understand what it means to be professional. MMA's unique academic programs combined with extensive practical, hands-on training in the fields of engineering, marine transportation, business, logistics, and science enable our students to join the workforce immediately upon graduation.

An incoming freshman is expected to interact with students, staff, faculty, and alumni in a professional business manner from the day they arrive on campus. These skills are important as many students will begin looking for their first internship and interacting with industry leaders shortly after arriving on campus. Setting and supporting high standards is an important part of student career development.

Career Skills and Development

During the fall semester of the freshman year, career services will begin discussing resumes, business etiquette, internship and career planning, interviewing skills, proper use of social media,

and develop business networking skills. These first-year interactions combined with our annual career fair, etiquette dinners, and company visits give students the opportunity to develop these skills through interaction with our industry partners and alumni.

As students progress through their career at MMA, they will interact with the Career Services office through their field experience coordination, cadet shipping program, company visits, career fair, and our online career center. We are available for one-on-one counseling for students at any time for career-related matters.

Career and Internship Planning

Student preparation and planning for their field experiences is a very individual process. Career Services works directly with students, faculty, and industry leaders to assist in the coordination of these experiences that support the undergraduate curriculum, contribute to personal growth and professional competency, and serve our partners in industry. We are in the unique position to assist bringing industry and students together while supporting and promoting the mission of the academy.

Career and internship counseling and planning should begin soon after the student arrives on campus and then continues to refine the process throughout the student's time at Maine Maritime Academy. Career counseling is a very important part of the process and can often assist students refining their needs or assist with looking at different options. We extend an open invitation to all students and alumni to visit our offices in Captain Quick Hall if they require assistance.

Annual Career Fair

Mark your calendars! Our fall Career Fair is on the third Thursday in October.

[Register for Career Fair Now](#)

Maine Maritime Academy's Annual Informational Career Fair is one of the most important events of the year, attracting companies and alumni from across the country eager to meet our students and discuss employment and cooperative educational opportunities.

Students have the opportunity to get their resumes in order, dress for success and network with many of the country's top employers and alumni. The attendee's list does vary year to year; students are encouraged to attend each year and interact with company representatives and alumni developing their networking skills and learning about companies that they are interested working for either on an internship or future employment.

With around 80 companies attending and covering the maritime, power plant, logistics, and scientific industries, there are plenty of opportunities for students to interact with companies and alumni regardless of their chosen major.

Campus Recruiting Visits

In addition to our annual career fair, we are fortunate to host companies for campus recruiting visits during our spring semester. Typically, our guest company will offer an afternoon presentation highlighting the company which is open to all interested students, faculty, and staff. If there is an opportunity for interviews, these usually take place the following day (with sign-up at the presentation).

Company recruiting visits are a great way for a student to interact with alumni, company representatives and learn about different options for internships and future employment. The small sessions allow students the possibility of networking and showing interest in a specific company and receiving feedback. Recruiting visits often lead to internship and employment opportunities if the students have prepared properly.

College Central Network - CareerCenter.mma.edu

Career Services uses the CCN online platform to host our career oriented information. It takes less than 5 minutes to activate your account the first time and have access to company visits on campus and when career events are occurring.

Co-ops, internships, interviews, company visits, work study, and job opportunities are some of the offerings on this site. It's easy to access, students are preregistered with their ID numbers; simply activate your account, fill out your profile information and you have access. You can even sign up to have emails sent to you with job opportunities that you have predefined.

Alumni are encouraged to sign up as well. Jobs, mentoring, and access to the school's employment event schedules are accessible.

There is a wealth of information on the [CareerCenter](#) site. Interview tips, resume examples, a calendar of events, the ability to apply for jobs and sign-ups for interviews are just a few of the things available. Don't wait sign up today!

Board of Trustees

The Board of Trustees of Maine Maritime Academy consists of 16 members, all of whom are appointed by the Governor. Members are appointed for a five-year term and may be re-appointed at the discretion of the Governor. The Board has full legal responsibility and authority for the governance of Maine Maritime Academy. It appoints the President of the Academy, approves the establishment of academic programs, confers degrees on students who have completed all requirements for graduation, sets tuition rates, operating budgets, and more.

Meeting dates for 2018 are:

March 2, 2018
May 4, 2018
August 9, 2018
November 9, 2018

All meetings are open to the public and notices are published in advance.
