Dear Student,

The purpose of the datebook and directory is to provide members of the Maine Maritime Academy community with basic information about the departments at the Academy as well as a directory for easy access to phone numbers.

For your convenience, Maine Maritime Academy policies are posted on the MMA portal at www.mymma.edu. As part of your responsibilities as a member of the MMA community, you are expected to familiarize yourself with and follow these policies. Additionally, the college catalog, your housing contract, and the Academy website also contain information, policies and procedures designed to help guide you through your experiences here. Please take a few moments to locate and review these items at the start of each academic year.

If you have a question about any policy, procedure or other rule, please contact the Vice President for Student Affairs and Enrollment Management, Vice President for Academic Affairs, or the Academy administrator associated with your concern.

Students are advised that all Academy staff, including Residential Life (full-time and RAs), Student Services, and Campus Safety, are duly appointed officers of the Academy. As such they represent the Board of Trustees and the President. In the normal performance of their assigned tasks, they have the authority to give instructions and/or directives that are appropriate within the Academy rules, regulations, and state laws. Such instructions may include a request for your identification or directing a guest to leave campus. If there is a question concerning an official's use of his or her authority, or other performance issues, the student should not make this an issue on the spot, but comply with appropriate requests or directives so the immediate issue can be resolved. The student may then choose to contact that official afterward to discuss any question of procedures, or to contact her or his supervisor for a review of the matter.

The students of Maine Maritime Academy form a community of students assembled in the pursuit of learning. As a member of this group, you have a relationship with several levels of "Community." These relationships include those with your roommate, your hall section, your fellow students on and off campus, and your faculty, administrators and the local and surrounding communities. Admission to the Academy carries with it the assumption of both a sense of responsibility for the welfare of our community and an obligation as a responsible citizen to make a positive contribution to the community as a whole. Also assumed are obligations on the part of each individual to respect the rights of others and to protect the Academy as a forum for the free expression of ideas.

We look forward to a successful relationship with you and wish you the best as you pursue your educational goals at Maine Maritime Academy.

Please consider me a resource for your questions and concerns. If I am not able to assist you, I will certainly assist you in reaching the person who can address your need.

Respectfully,

Deidra Davis
Dean of Student Services

MAINE MARITIME ACADEMY VISION AND MISSION

OUR VISION

The vision of Maine Maritime Academy is to provide the best marine and related education of any small college.

OUR MISSION

The mission of Maine Maritime Academy is to provide a quality education focused on marine and related programs. The curriculum will empower students to take on leadership roles, encourage rigorous self-discipline, promote curiosity, and provide graduates with the skills, ethics, and knowledge needed to succeed in the global economy.

NON-DISCRIMINATION, EQUAL OPPORTUNITY AND AFFIRMATIVE ACTION

MAINE MARITIME ACADEMY, GENERAL ADMINISTRATION, SECTION 200

PURPOSE:

To establish a policy prohibiting discrimination throughout the Maine Maritime Academy

A. Statement of Intent

Maine Maritime Academy recognizes that discrimination in educational programs and employment based upon race, color, religion, sex, gender identity, sexual orientation, national origin, disability, age, genetic information or veteran status can foreclose economic opportunity to a significant number of persons. In order to avoid this inequity and to afford all persons the opportunity to achieve their personal and professional goals, the Academy pledges to eliminate discrimination upon any person protected by state or federal laws and, in addition, to take affirmative action to recruit, employ and educate qualified members of under-represented groups.

B. Policy Statement

Maine Maritime Academy provides equal opportunity regardless of race, color, religion, sex, gender identity, sexual orientation, national origin, disability, age, genetic information or veteran status pursuant to (for example) Titles VI and VII of the Civil Rights Act of 1964; Title IX of the Educational Amendments of 1972; Executive Order 11246 as amended by Executive Order 11375; the Age Discrimination in Employment Act of 1975; the Vietnam Era Veterans Readjustment Assistance Act of 1974; the Immigration Reform and Control Act of 1986; the Genetic Information Nondiscrimination Act of 2008; and the Maine Human Rights Act (5 M.R.S.A., §4551, et. seq.). In addition, pursuant to (again, for example) the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and the Maine Human Rights Act, the Academy does not discriminate on the basis of disability in its programs and activities. This policy governs employment policies and actions, as well as the delivery of educational services, at all levels and facilities of the Academy.

In addition, federal and/or state laws permit in some, and require in other, instances the Academy to engage in affirmative action in its educational and employment activities. The Academy's objective of equal opportunity will be met by making goal-oriented efforts to increase through affirmative action, i.e. the number of women and minority groups in positions where their representation has been less than proportionate to their availability.

C. Implementation

Authority and responsibility for implementing, maintaining and monitoring non-discrimination, affirmative action and equal opportunity at the Academy shall lie primarily with the directors of human resources and student affairs. All directors, department heads and equivalent officers shall share responsibility within their areas of authority. The Academy President shall work to help ensure that all units of the Academy use best efforts to comply with this policy, as well as pertinent state and federal laws and regulations.

D. Long-Form Notice of Non-Discrimination

The long form notice set forth below shall be posted in a prominent place in each building (such as bulletin boards) and all Academy publications including, but not limited to, student and employee handbooks, catalogs, websites and other relatively lengthy sources shall contain the notice at the top or bottom of the inside front cover. For websites, the bottom of the homepage should contain a link to the long form notice.

LONG FORM: NOTICE OF NON-DISCRIMINATION

Maine Maritime Academy does not discriminate as proscribed by federal and/or state law on the basis of race, color, religion, sex, gender identity, sexual orientation, national origin, disability, age, genetic information or veteran status in specified programs and activities. Inquiries about the Academy's compliance with, and policies that prohibit discrimination on, these bases may be directed to:

DIVERSITY AND RESPECT

MMA recognizes that “diversity” encompasses the recognition of an entire spectrum of self- and group- identities. It includes an understanding and appreciation of difference in race, color, religion, sex, sexual orientation, national origin, disability, age, genetic information, class, physical ability, and learning ability.

As our campus demographics have changed, MMA has worked to address their changing needs. Past efforts have included successful task force initiatives to address the needs of women, international students, non-traditional students, and students with disabilities. As these programs and efforts continue, we find that we are increasingly challenged by all aspects of diversity. In order to prepare our students to be successful in an increasingly global and diverse work place, our Board of Trustees has endorsed MMA taking an active role in developing a dynamic and inclusive living and learning community.

Safe Zone Magnets and Training

The mission of the Safe Zone Ally Program is to provide a network of safe and supportive allies to the lesbian, gay, bisexual, transgender, and queer community at Maine Maritime Academy. The Safe Zone Ally Program responds to the needs of the Maine Maritime Academy community. The goal of this program is to provide a welcoming environment for lesbian, gay, bisexual or transgender persons by establishing an identifiable network of supportive persons who can provide support, information and a safe place for LGBT persons within our campus community. Those who have committed to being Safe Zone Allies indicate that bigotry and discrimination, specifically regarding LGBT persons, are not tolerated.

Bystander Intervention

As part of the Academy’s commitment to reduce incidents of sexual violence, Bystander Intervention trainings are conducted during orientation sessions for new students and student leaders are provided with additional training in bystander invention.

RESIDENTIAL LIFE POLICIES

The full statement of all residential life policies is located on the Academy website at: <http://mainemaritime.edu/student-life/residential-life/policies-procedures/> which is published by the Director of Residential Life and Student Activities and revised each year. The policies of the Department of Residential Life are a comprehensive list of the various rules and expectations of students who reside in On-Campus Housing. All students are held to a high moral standard of responsibility for their property and that of others.

If you have any questions concerning how a policy may apply to you, please see your Resident Assistant (RA), the Assistant Director of Residential Life or Commons' Manager. If they cannot help you, make an appointment to see the Director of Residential Life and Student Activities.

WATERFRONT/MARINE OPERATIONS

Student access to waterfront equipment is a unique characteristic of the Academy and is available to all students regardless of their major. Powerboats, sailing craft, yachts and other floating equipment at the Academy must necessarily serve two functions: instruction and recreation. To do so safely, it is required that all persons embarking on such craft exercise proper diligence and care at all times in order to safeguard personnel and equipment-MMA's Waterfront vessel qualification process must be completed for each type of vessel. Contact the Sailing Master for details. From time to time, the Marine Operations Manager and/or the designated Academy Sailing Master may also prescribe other instructions and procedures.

The Waterfront is open for extra-curricular usage from 4 – 6PM Monday through Thursday during the fall semester until November 1st. The waterfront sponsors various weekend sailing trips through MMA clubs during the fall semester. Contact the Sailing Master for details and sign-up. Other facility usage requires prior arrangement and permission of the Marine Operations Manager.

All students and employees, who act as part of a crew of any Academy vessel, either documented or undocumented, shall be subject to the random drug testing policy.

CO-CURRICULAR OPPORTUNITIES

As a student at MMA, there are many avenues of exploration open to you. We encourage you to take a role in your co-curricular education and become a leader in making a difference in our community!
