

Dear Member of the Class of 2027:

Congratulations on your acceptance to Maine Maritime Academy!

The Accessibility Services staff are eager to help you achieve your college goals. We oversee the Academy's free academic support services, including: peer tutoring; centers for math, physics, nautical science, and writing support; and accommodations for disabilities. Our offices are in the Center for Student Success on Pleasant Street -- better known as the "Buoy House" -- that you will pass often on your way to class.

**[ALL students are required to complete the form linked here](#), also available via the Academy's New Student Information webpage.**

*If you have a condition or disability requiring accommodation, please read on.*

You may disclose a disability now, or at any time as a student, by completing this confidential online form, or by contacting us at [accessibility@mma.edu](mailto:accessibility@mma.edu). If you elect to do so now, please provide preliminary information on this form; we will then contact you to confirm receipt, to request further information if needed, and to set up a time to meet in person, by phone, or via Zoom.

To obtain accommodations, you must document your condition. One or more of these items can serve as documentation: a 504 plan, an IEP, a summary of performance, a neuropsychological evaluation, or a letter from a licensed medical professional. If you do not have any of these, please call or email us to discuss. We will also need to meet (by Zoom, or in person) this summer or fall; these initial meetings typically take approximately 45 minutes. If meeting at Orientation is more convenient, we may have availability during New Student Orientation events this June and July.

For more about the Academy's accommodations policies, please visit [accessibility.mma.edu](http://accessibility.mma.edu).

With wishes for a wonderful summer,

Sally Chadbourne  
Accessibility and Academic Support Coordinator  
1st Floor Buoy House/Center for Student Success
