

Regimental Student Packing List

March 2023

Upon arrival at MMA students will check in with multiple offices across campus. Prior to arriving regimental students should have completed several actions. One of these actions is submitting your uniform fitting sheet (by the first week of May). Additionally, you also need to be measured preferably in-person by the Bookstore (during a bookstore scheduled appointment, or at pre-scheduled appointment during New Student Orientation). This allows the Bookstore to have all your necessary items ready for pick up at check in. Please note that when you are measured at the Bookstore you will be paying your uniform deposit, this is separate and different than the deposit you made to admissions securing your place in the class of 2027.

Certain items will already be in your room, and we suggest that you reach out to your roommate to discuss items that you can consolidate. While the TSSOM will be docked in Castine; however maintenance work aboard will require berthing in Curtis Hall. This will require you to separate the items you bring – some items for RPT and some items for after RPT. If you have any questions, contact LCDR Kelly Gualtieri at Kelly.Gualtieri@mma.edu
