

MAINE MARITIME ACADEMY — TRICK'S END 1976

WE THE CLASS OF 1976

ARE PROUD TO PRESENT

TRICK'S END

A BOOK OF MEMORIES

MAINE MARITIME ACADEMY
CASTINE, MAINE

The staff of the 1976 Trick's End and I have tried to create a memory book for the members of the Bicentennial Class.

Many people from all parts of the class have contributed long and hard hours to put this book together. There will be some small errors, for we are far from professional editors, each senior page was created by the senior himself and each section was not only the work of the editor for that section, but a good cross section of the people who helped him.

I have felt a strong fellowship among the class of 1976, which grew stronger the longer we were together. It is my hope that this book is one small way that we will remain together.

Very truly yours,

Bill Anderson,
The Editor

DEDICATION

The class of 1976 wishes to dedicate their yearbook to Mr. Joseph Nichols who taught us all, "The way of a ship."

Superintendent

MAINE MARITIME ACADEMY
CASTINE, MAINE 04421

1 May 1976

To the Class of 1976:

The year 1976 will separate the men from the boys, so to speak, amongst college graduates available in the job market. Although various voices are promising tangible evidence of recovery from the nation's worst recession since the 1930s, better times are still well out on the horizon and hence this summer you will be faced with the stiffest competition possible in finding employment. Powerful union control over a large segment of the maritime industry will further bar opportunities that should otherwise be available to you. Difficult times such as we face this year will provide the acid test of the reputation of the Academy and our graduates. Our placement efforts on your behalf will benefit from the Academy's good reputation established by previous alumni.

Good men and women can always find a job and those of us who have had a hand in preparing you for the working world are confident that our graduates will win out in this year's stiff competition. We extend congratulations on your achievement at the Academy and best wishes for success and happiness in all your future endeavors.

Sincerely,

E. A. Rodgers

Mr. Burke is my teacher, I shall not
fear. He maketh me sit down and
sleep in class, he leadth me beside the
still text book. He discourages my
soul. He leadth me into passageways
of wonder, for his physics sake. Yea,
though I take the test in the shadow
of bewilderment, I will fear no evil,
for Dr. Burke art with me. Thou pre-
parest a test before me in the presence
of my classmates, thou annointest my
head with doubt, my brain runneth
out, and I will dwell in the class room
of T.J. for summer!
AMEN!

BOB LACEY
1952 — 1973

To describe Bob and his humorous manner and friendly smile would be impossible. All we say, is that while he was here we enjoyed life with him. When he left he took a little of us, and he has been greatly missed by all.

Memorandum

TO : 2/c Croke

FROM : Verge Forbes

SUBJECT: Intramural Broom Hockey

A serious complaint has been filed against you in regard to your actions in broom hockey. It has been brought to my attention that you physically attacked an official during a broom hockey game. For these uncalled for actions you are now in a probationary status. This means that if you receive any major penalty for which you can be ejected from a game under the presently published broom hockey rules you will be removed from broom hockey for the duration of the 1975 season.

If you are in disagreement with the above, or if you feel unjustly punished, I am available to discuss this with you.

STATE BIRD. A BEAUTIFUL
PART OF NATURE'S ROLE IN
THE MAINE DIFFERENCE.

The Maine difference.

Pride. Ingenuity. Love of the outdoors. Independence. All part of the Maine difference.

We're in touch with the Maine difference, because we know Maine. We know the needs, the problems, the unique way of living that make Downeasters very special people. Our banking services and our people reflect that difference—in their ingenuity, resourcefulness, and pride.

It's all part of what makes us the Maine difference in banking.

You'll go places on our new containerships.

Find a growing company, and you'll have found a growing opportunity. That's Farrell Lines. One of the oldest, most stable shipping companies, Farrell is also one of the most progressive. With an exciting career opportunity for you.

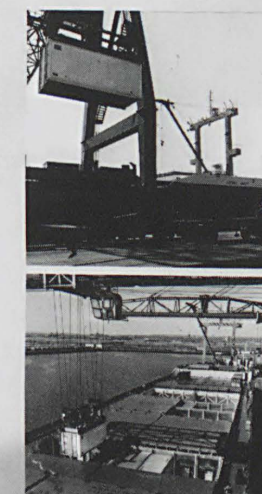

Farrell has long been a leader in the trade from the East and Gulf Coast to Africa and Australia/New Zealand. Now, our operation also includes the Pacific Coast to South Pacific and Australasia route.

In short, Farrell is the kind of company that can offer you a most rewarding career as a seaman. We offer the most interesting and exotic routes, the newest equipment, and a tradition of growth and stability.

What's more, Farrell is an American flag line. This means that our ships are American built and supplied; our crews are American and they're paid in dollars.

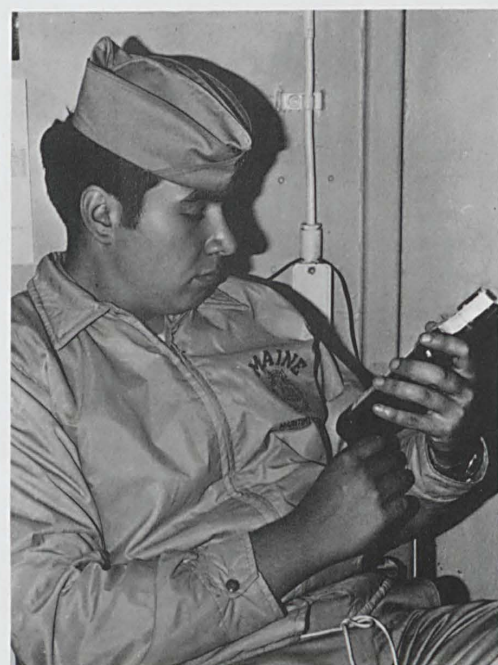

If you're thinking ahead, think about Farrell. We can offer you quite a future. For more information, write us. Farrell Lines. One Whitehall Street, New York, New York 10004.
