TABLE OF CONTENTS

MAINE MARITIME ACADEMY CASTINE, MAINE 04420

13 April 1985

To The Class of 1985:

My sincere congratulations and best wishes to each and everyone of you on your graduation day, $% \left(\frac{1}{2}\right) =\frac{1}{2}\left(\frac{1}{2}\right) ^{2}$

I feel extremely honored to have participated in your big day, since it is my first one as your Superintendent. Although I did not get to know many of you, I feel a special attachment to your class and I shall long cherish this most memorable event.

Forty-one classes have gone before you, but I am confident that yours will rank with the best and that you will enhance the fine reputation of your alma mater. You have a sheepskin from a premium Academy--use it well.

Although you are entering the maritime which is still in a "pinched status," you are the best prepared and qualified to find your rightful position, no matter what your endeavors may be.

We welcome you into the ranks of the Maine Maritime Academy and it would be nice if you kept in touch; and please do return for an occasional visit.

Once again, congratulations and may you always enjoy fair winds and smooth sailing!

Maine Maritime Academy's

CENTER FOR ADVANCED MARITIME STUDIES

is pleased to announce the

MASTER OF SCIENCE IN MARITIME MANAGEMENT (MSMM)

A Modular Graduate Degree Program offered in the summer months

at Castine, Maine Commencing May 6, 1985

Currently, programs are planned for the summer months when all the Academy resources are available. The summer time-frame has made it possible to recruit outstanding professors from management and marine transportation programs throughout the Eastern United States. In June and July of 1984, an eight-week Maritime Career Development Institute was conducted to test many of the concepts of this summer modular program. Because of the success of the delivery of the 1984 Institute, the Maine Maritime Academy is now prepared to introduce the full Master of Science in Maritime Management program in the summer of 1985.

In order to permit seagoing officers to participate in the MSMM program in their off-crew periods, the entire course of instruction will be delivered in two-course modules of three and one-half weeks duration. One course will be taught for two and one-half hours in the morning and the other for the same period in the afternoons on Monday, Tuesday, Thursday, and Friday for three weeks and Monday and Tuesday of the fourth week. Thursday of the fourth week, the final day of the module, will be reserved for final exams.

- Honored Professor -

THE ADMIRAL AND PROFESSOR DON SMALL

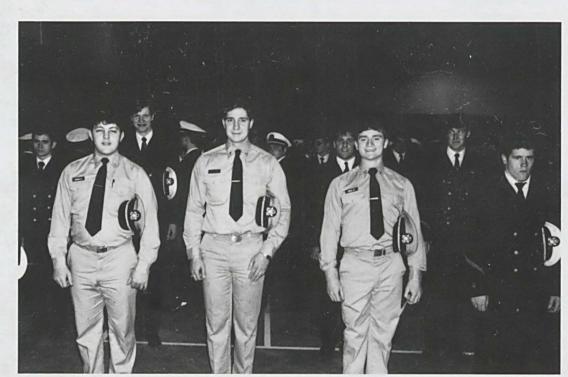

The Admiral offers his hand a check for \$1,000 to Professor Donald Small, professor of Engineering Sciences, in a symbolic gesture of recognition for his achievement of ''Professor of the Year.'' The student body displayed their esteem for Professor Small by vote taken mid-year, 1985. The Academy looks forward to the continuous success of Professor Small on campus.

COACHES CORNER: We entered the 1984 football season with high hopes, but several events that occurred before and during the season forced our football team to scramble for its proverbial life. The thing I will remember most about this team was that no matter how much adversity fell their way, members of the team stepped forward to do their part to help us to make the best effort we could. The staff never once felt, as we reflected about each game, that the team had given anything but the best effort that it was capable of. We had our rocky moments and we enjoyed some truly satisfying experiences during the season. Finally to the Seniors, my family and I would like to express our best wishes to you. You have been part of some successful times here at M.M.A. We know that you have learned much about yourself and the sense of commitment that it takes to be involved in a collegiate football program. In time as the sting of our failure to reach our goal of being league champions eases, we will all remember the exhilaration of those Saturday afternoons, when all of our emotions were so intense and uninhibited that we experienced a special feeling not everyone is so

privileged to know!

CAPTAINS CORNER: The 1984 Football season was very disappointing in that, for the seniors, we as a class held high aspirations at the beginning of the season, of capturing that championship ring we were never able to win. There are many good memories however of our early careers at MMA and I can only hope that the teams of the future may get the chance to have that feeling on campus that the Mariners are contenders again. Mac, Monty, Smitty, Q, Johnny, Pat, Frenchy, Stacy, Pete, and Tuelly, you guys have been great teammates over the past 4 years. Good luck to all of you and thanks for all of your support. — Proulx-Bear

MMA Cheerleaders

Back Row, L to R: Senior Jean Higgins Freshman Marsha Glidden Center: Senior Sherri Gamboni, Captain Front Row, L to R: Sophomore Maureen Jones Sophomore Holly McLean

Things sure have changed since went to Maine Maritime Academy. We never had such a thing as Cheerleaders, it was strict then, no partying . . .

Senior

Sherri in the Canary Islands.

A new breed of athlete has emerged this year on the MMA campus: the cheerleader. Begun last year as a selfcoached, self-motivated group, the cheerleaders achieved varsity status this season. Under the leadership of Sherry Gamboni, the small but very vocal squad is the envy of every other maritime academy admiral with the smallest number of Maine Maritime is the only school of its kind to have

It takes a lot of guts to be a female cheerleader at a school that is more than 90 percent male. A glass of champagne to Gamboni and Jean Higgins, the seniors on the squad, to their coach Bonnie Tyler and to the other women who will con-

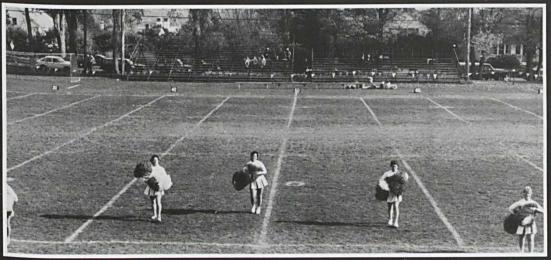

Jeanie in Brazil

Sherri, Marsha and Holly . . .

Jay '86 Co-Captain: True Grit.

Greg '87, Dave '88 Lead the pack at the 2 mile mark.

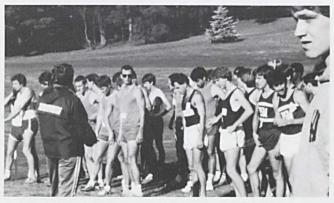

Marc '87: A true team leader

Bob '87, Jim '86 sprint the finish in NAIA competition.

Greg '87 and John '85 Co-Captain negotiate the last hill of the '84 season.

ley, we may be generic but we'll still blow doors. Tell 'em Marc

In the pack '84.

Hey Gregg, what Happened to hang back and catch 'em in the woods?

Outa my way Fool . . . easy Garrett.

Tough Guy, in the lead.

The 1984 season was an interesting one from the generic uniforms, to placing fourth at home in N.A.I.A. competition. The season saw many personal records shattered and many goals attained through the competitive nature of the Mariners. The '84 season was one of the best in recent years, and holds promise of better ones in the future.

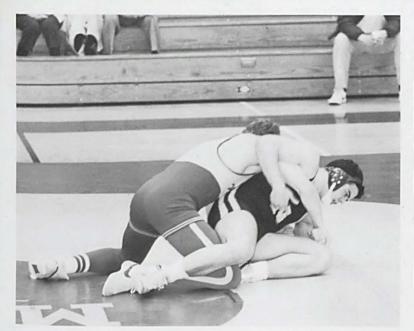

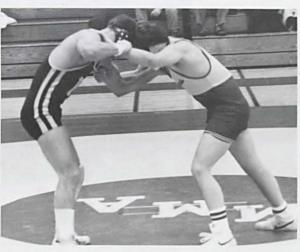

The End '84 Thanks Guys, Perk.

The Main Maritime Drama Club Presents:

Nicholas Nickleby

A note from the President: The Maine Martime Academy Drama Club was started in the spring of 1984 with our first production, "The Good Doctor." The play was received very well by our fellow midshipmen and the townspeople of Castine. "Nicholas Nickleby" was our second production, completed in the fall of 1984, and was also enjoyed by all those involved.

We wish to thank Anne Ames, our director \dots without her nothing would ever have been accomplished.

There are four kinds of "BONES" in every organization.

There are WISHBONES, who spend their time wishing someone else would do the work.

There are the JAWBONES, who do all the talking, but very little else.

Next, there are the KNUCKLEBONES, who knock everything anyone ever tries to do.

And finally, there are the BACKBONES, who get under the load and do the work.

Council at Work — Thanks Admiral Swartztrauber and Cmdr. Bagot

The Midshipman Council or Student Government to civilians, acts as a "go between" at the Academy. We meet directly with the Admiral and discuss many very controversial topics. We do our best to represent the regiment. We may not always get what we ask for, but we make the students' needs and wants known.

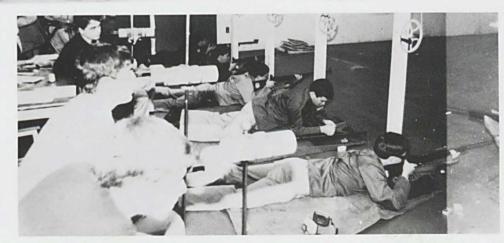

Rifle Team

Front Row: Chris Godfrey, John Finnigan, Kendra Bavior, Lee Goldberg. Back Row: Keith Kelsey, Coach Bonnie Tlyer, Fred Cuzner.

Despite low numbers, the Singing Mariners continue to sing at the Academy. Concerts at various Grange Halls, nursing homes, and academy functions kept us busy. A highlight was last years trip to Emmanuel and Endicott. A good time was had by all.

This year, Mrs. Pat Jordan took over as director of the chorus. In previous years the group had been directed by Mrs. Louise Biggie and accompianist Mrs. Goodwin. Many thanks are due to both of them.

Mrs. Jordan deserves a large round of applause for bringing such a small group together. Hopefully she will have more people to work with in the years to come. Good luck to all, and keep singing.

Ring Dance 1984

The Class of 1985 Ring Dance is one to be remembered. The class, however, would like to be remembered for three significant milestones:

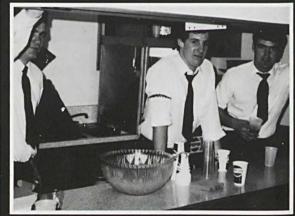

First, we are responsible for bringing the Ring Dance back on Campus to uphold tradition . . .

Second, we are pioneers through the sanctioning of the first official ring for female midshipmen . . .

Thirdly, we are responsible for the "FIRST ANNUAL SENIOR BALL" Weekend.

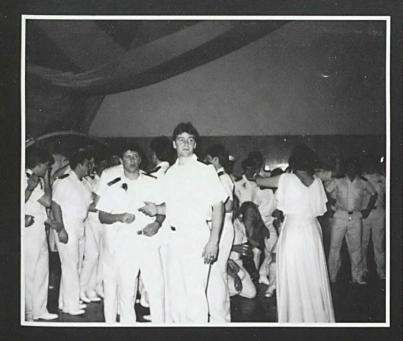

The Class of 1985 will linger on in the memory of those who follow, and become known to those who preceded as . . .

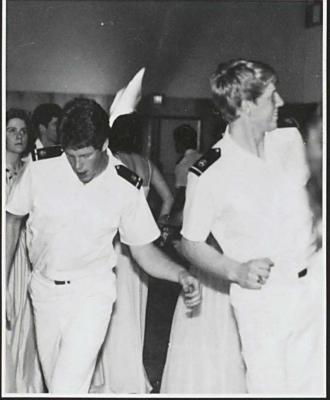

"THE CLASS OF FIRSTS"

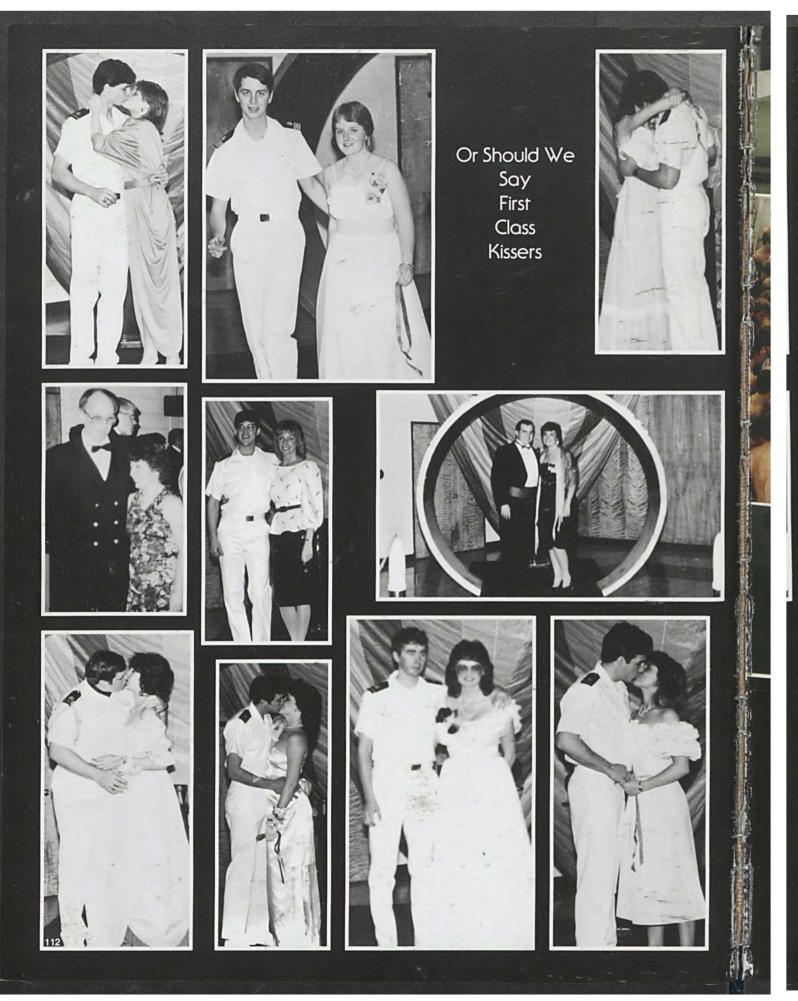

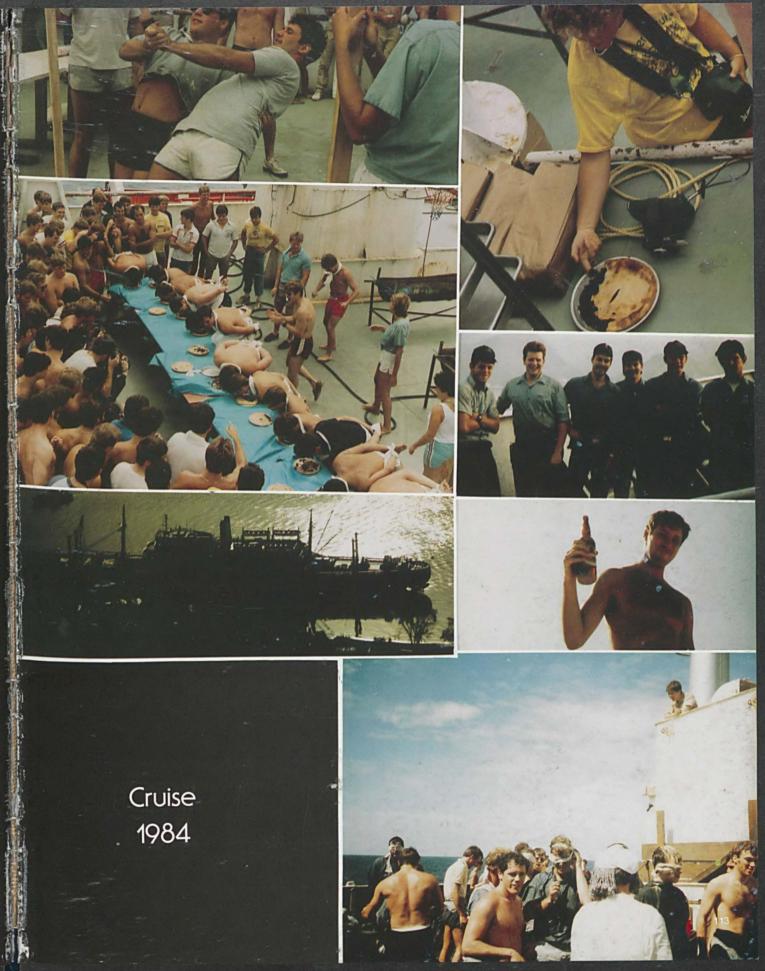

Crossing The Line

The boisterous ceremonies of "crossing the line" are of such ancient vintage that their derivation is lost. It is well known that ceremonies took place long ago when the ship crossed the thirtieth parallel, and also when going through the Straits of Gibralter. These early ceremonies were of the roughest sort and were, to a great extent, supposed to try the crew to determine whether or not the novices on their first cruise could endure the hardships of life at sea. Then, as is the custom at the present time, it was primarily a crew's "party." The Vikings were reported at an early date to carry out these ceremonies on crossing certain parallels. It is highly probably that the present-day ceremony was passed on to the Anglos, Saxons, and Normans from the Vikings.

At an earlier date, ceremonies of propitiation were carried on. Neptune, the mythological god of the seas, was apepased by the seamen, and marks of respect were paid those of his underwater domain. It is plausible that a part of the ceremony grew out of traditions of other days, even though sailors had come to doubt the existence of Neptune. Nevertheless, Neptunus Rex is today the Majesty who rules the ceremonies.

Those who have "crossed the line" are called "shellbacks." These Sons of Neptune compose the cast for the present-day ceremonies. It is a curious fact of human nature, but men will suffer a very severe initiation in order to be permitted to inflict the same on other men...

Sailormen treasure the certificate which testifies that in Latitude 00-00 and Longitude . . . ," and usually addressed to all Mermaids, Sea Serpents, Whales, Sharks, Porpoises, Dolphins, Skates, Eels, Suckers, Lobsters, Crabs, Pollywogs, and other living things of the sea, . . . has been found worthy to be numbered as one of our trusty shellbacks, has been gathered to our fold and duly initiated into the solemn mysteries of the ancient order of the deep.

The eldest and most dignified member of the crew is usually selected as Neptunus Rex; his first assistant is Davy Jones. Her Highness Amphitrite is usually a good looking young seamon who will appear well in the deshabille of seaweed and rope yarns. The Court in general consists of the Royal Scribe, the Royal Doctor, the Royal Dentist, the Devil, and other names that suit the fancy of the party. The Bears have the difficult task of rounding up the uninitiated, and also standing "dousing" watches in the canvas water tank.

The night before the ship crosses the line, it is the custom that Davy Jones shall appear on board with a message to the Captain from His Majesty, Neptunus Rex, stating at what time he wants the ship hove to for the reception of the Royal Party, and with particular summons for certain men to appear before him. This reception of Davy Jones usually takes place at night and may be made most impressive. The ship is stopped and, amid a glare of lights and a whirl of water, Davy Jones emerges from the hawse or is hoisted in over the bows to deliver his message. He is usually received by the Captain and Officers of the Deck on the bridge.

T.V. STATE OF MAINE ON ENTERING DOMAIN OF NEPTUNUS REX NOTICE AND *LISTEN YE* LANDLUBBER

WE of the GREAT NEPTUNE'S COURT bring serious indictment against those who still have traces of HEIFER DUST and COW DUNG on their feet, as well as those of the BIG cities who think they are a REAL city slicker.

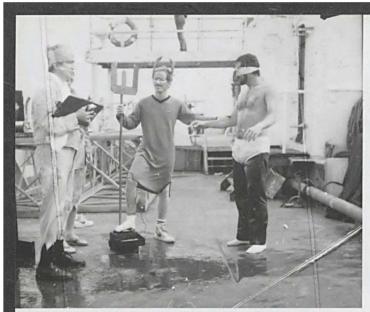

I ORDER and COMMAND you to appear before ME and MY COURT on the morrow to be initiated in the mysteries of MY SPECIAL ROYAL DOMAIN. If you fail to appear before me, you shall be given as food for sharks, whales, sea turtles, baricuda, sting ray, portuguese man-of-war, crabs, and lobsters, and all living things of the sea, who will devour you, head, body, and soul as a warning to LANDLUBBERS entering MY DOMAIN without warrant. You are charged with the following offenses: Out of Uniform, Failing Reville, Muster, Colors, Piling up DEMERITS, No Shave, Haircuts, Sloppy Dress, Improper Watch, Falling Asleep in Class or NOT Showing up at ALL!, Too Many Specials, and not doing your share of the work load by SKIPPING maintenance...

Therefore appear and obey, or suffer the loss of CERTIFICATION of "CROSSING THE EQUATOR" into the domains of NEPTUNUS REX!!! This time I shall not permit hazing but will have no mercy shall you FAIL, or REFUSE the initiation. I will see THOSE again who did not grace MY KINGDOM in GREAT spirit, FOR I TRAVEL ALL SEAS . . . Raise Some Hell, boys!

Live everyday like its your last ... because one of these days you're

that 4-by

gonna be right . . .

It's been a difficult four years as you all know too well. I want to thank you guys: Conrad, Chris, Jill, Janey, and Joey for being such good friends. I know I can always depend on you. I especially want to thank you, Mom and Dad, for your understanding and for always being there for me. And Mom, thanks for never saying "I told you so." I will never be able to express the admiration, respect, and love I feel for you. You are my "earth-bound stars."

SUSAN CLARK

Long ago I set my course and though I drifted with many a storm's tempest sea, I was able to keep my true course by being guided by the stars.

Conrad — The one constant in a world of so many variables.

Thanks Mom and Dad.

THE FUTURE

This page is dedicated to all those whom I love . .

MY LORD GOD, I have no idea where I am going. I do not see the road ahead of me, I cannot know for certain where it will end. Nor do I really know myself, and the fact that I think that I am following your will does not mean that I am actually doing so. But I believe that the dedoing so. But I believe that the desire to please you does in fact please you. And I hope I have that desire in all that I am doing. I hope that I will never do anything apart from that desire. And I know that if I do this you will lead me by the right road though I may know nothing about it. Therefore will I trust you always though I may seem to be lost and in the shadow of death. I will not fear, for you are ever I will not fear, for you are ever with me, and you will never leave me to face my perils alone. +++

LEE E. McFALLS

One night a man had a dream. He dreamed he was walking along the beach with the Lord. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand: one belonging to him, and the other to the Lord.

When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the Lord about it. "Lord, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me.

The Lord replied, "My son, My precious child, I love you and would never leave you. During your times of trial and suffering, when you saw only one set of footprints, it was then that I carried you."

(Regimental Executive Officer)

I would like to thank the very special people in my life. Mam. Dad. Leandra, Dean. Hally, Kevin, and Nicholas — for without you each I would not be where I am today. Thanks you for all your support.

Thanks Mam and Dad for all the backing and love you have given through all the good and bad times.

A special thanks to Whitney Kellett, you have made this year the best one so far. You were always there when I needed you. I hope that we have many years together in the future, I love you.

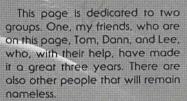

Well Dann, David, Tam and Stort look we made. It: at times I never thought we would. Thanks for all the future.

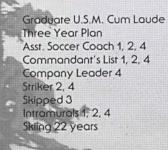

Now what are these for again?

The next group is my family, that without their help and love it would have been totally impossible for me to start and finish my second degree.

Thank you ... Mom, Dad, Grandma, Polla, Glenn, Erika, and Tyler.

Partners against the frozen tundra.

GRADUATION 1985

Governor has words of hope for maritime graduates

That was a part of Gov. Joseph E.

Brennan's message to the graduates of Maine Maritime Academy on Saturday. The governor was the commence-

of boom and bust, adding that the industry was now on another down cycle. The U.S merchant marine fleet had more than a third of the world's carrying capacity at the end of World War II, he told the graduates. Today, he said, it has less than 1 percent.

"But this cycle should not — and it cannot — last," he said, "for there are certain activities so essential to our nation's well-being, our nation's security, that we simply cannot afford to trust other nations to provide them for us. Agriculture is one example; shipping is another.

"The fact that we have allowed our our distribution of the control of the career possibilities were endless ever in a year like this when merchant marine fleet to slide into such neglect is a national disgrace," he said. "Someday soon, in our own self-side of the career possibilities were endless ever in a year like this when merchant marine fleet to slide into such neglect is a national disgrace," he said. "Someday soon, in our own self-side of the career possibilities were endless ever in a year like this when merchant marine fleet to slide into such neglect is a national disgrace," he said. "Someday soon, in our own self-side of the career possibilities were endless ever in a year like this when merchant marine fleet to slide into such neglect is a national disgrace," he career possibilities were endless ever in a year like this when merchant marine fleet to slide into such respective to some care of the career possibilities were endless ever in a year like this when merchant marine fleet to slide into such respective to some care of the career possibilities were endless ever in a year like this when merchant marine fleet to slide into such respective to some care of the career possibilities were endless ever in a year like this when merchant marine fleet to slide into such possibilities were endless ever in a year like this when m

"There used to be an ad on TV that said, 'Orange juice' is not just for breakfast anymore," the governor said "Well, now you can say, 'Maritime graduates aren't just for ships anymore."

"Because the skills you learn here are useful in any walk of life. You are educated, motivated, disciplined and able and willing to take on responsibility. These are qualities needed in all jobs, in all walks of life."

The governor began his remarks to the graduates by noting the decision last week by the U.S. Navy selecting Bath Iron Works to build the first of a

Governor confident maritime jobs will increase

tence, a reputation for the best-trained, best-disciplined and most able mari-time graduates in the country."

The governor said there was another special tie between the academy and BIW, pointing out that the shipyard was the largest single private employ-er of academy graduates, with 60 MMA alumni now working there. He added that some of the graduates would un-doubtedly join that group of alumni at

about their role a citizens, urging them to offer their talents to public service. He said the record showed that more than half of graduates would eventually settle down in Maine.

"Maine is a small state. We cannot rely on others to do the work for us," he said. "If we are unhappy about something; it is our responsibility to fix it.
"There is much to be done to make

our state a better place to live," he continued, "and the responsibility for helping to do it rests particularly on those — like yourselves — who have been fortunate enough to receive the benefits of a good education."

The 145 graduates received their bachelor of science degrees, 47 of them in the nautical science program, and 98 in the marine engineering program.

ridgewock was the top-ranking student in the class. Clark was also the top-ranking nautical science student. Mid-

was the highest-ranked student in the marine engineering curriculum.

sioned as ensigns in the U.S. Naval Re-serve (Inactive Merchant Marine Reserve Program). Six members of signs in the U.S. Navy after having completed the academy's four-year Naval Reserve Officers Training Corps program. They will go on immediate active duty with the Navy.

in the marine engineering program.

Midshipman Susan J. Clark of Norcises, Brennan was granted the honorary degree of doctor of science. Joseph Sewall, president of the MMA Board of Trustees, conferred the degree in rec- academy.

shipman Scott W. Johnson of Portland ognition of the governor's support for institutions of higher learning in the state and his attention to the needs of the youth of the state.

Two special recognition awards were presented. J. Hollis Wyman of Milbridge, a former state senator and former member of the MMA Board of Visitors, was presented the 1985 Ameri-can Legion Award, honoring his 15 years of dedicated service to the

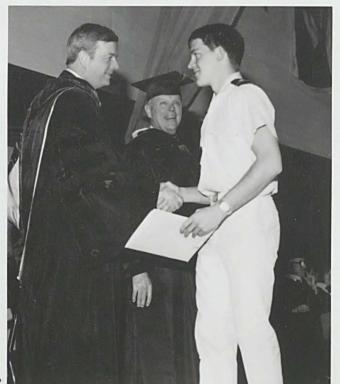

Barbara A. Cassidy of Bangor, a for-mer member of the MMA Board of Vis-itors and Board of Trustees, was presented a Meritorious Service Award for her generous support of the

For the Class of 1985 Congratulations and best wishes for successful careers

Marine Fuels – Marine Lubricants Worldwide Marine Service

In that year, colonists built their first ocean-going vessel. Christened the Virginia of Sagadahock, it sailed from a little shipyard just twelve miles down river from the present site of the Bath Iron Works.

Since its founding in 1884, Bath Iron Works has added many "firsts" to Maine's catalogue of maritime achievements. And through the years, we've made the hallmark "Bath-built" a synonym for shipbuilding excellence.

In the years to come, we will build ships in Bath and repair others in Portland. And each ship will carry a part of Maine's proud maritime heritage to the oceans of the world.

Thanks, Maine, for a great shipbuilding tradition.

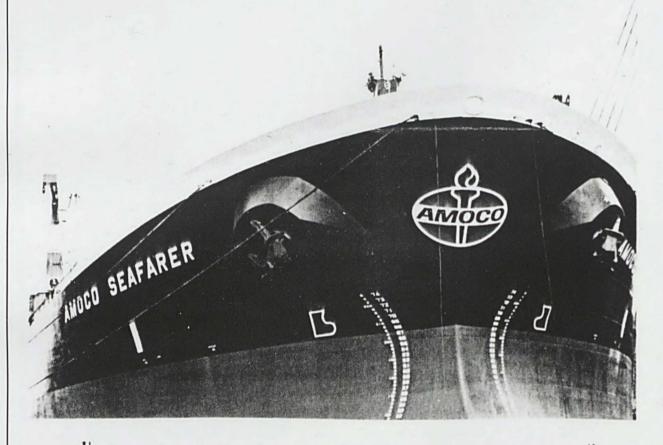

We aim to keep up the good work.
