Trick's End
This Yearbook is Proudly Dedicated To:

Gail Rumney

You were always there for us at lunch to brighten up our day no matter how bad it was. You treated the students with the utmost respect and received it from the students. You were always there for people who needed to talk or blow off steam. You were “Cruise Mom” to a hundred freshmen and stayed cheery and upbeat all 60 days. You even found the time to fold all our undies when you did the laundry! It was a shock to not see you here when we came back from summer break, and going to lunch hasn’t been the same since. Best of luck in your future endeavors. Thank you for being such a wonderful person; we will surely miss you.

TO THE CLASS OF 2001

Congratulations to the men and women of the Class of 2001!

2001 marks a special and important year for you. As you leave Maine Maritime, you can be proud to be part of an institution that has sent over 6,000 graduates, such as yourselves, into the world, armed with a different kind of hands-on education that will set you apart from others.

In choosing to come to MMA, you faced both challenges and opportunities found at few other colleges. Early mornings and late evenings, fulfilling the requirements of a regimental lifestyle, often cold and damp excursions aboard research vessels, and summer camps - all part of an academically demanding schedule. In return for your commitment, you have had unusual opportunities - visiting foreign countries, utilizing state-of-the-art technology and facilities, and industrial experience as an undergraduate.

You have received a unique education, with exceptional teaching by a dedicated faculty and supportive staff. With your knowledge and skills, you will go far, and the friendships you have made on campus and in the community of Castine, will be with you always.

Maine Maritime's size and small coastal town settings, unlike larger colleges, has the advantage of a closer, more personalized student body. For this, I have had the fortune of knowing many of you, and it is with much pleasure and pride that I welcome you to the ranks of our alumni.

The faculty, staff, and trustees join me in wishing you happiness and success in all your endeavors.

Sincerely,

Leonard H. Tyler

Commandant's Letter

To the Class of 2001:

Congratulations Class of 2001! As the first graduating class of the new millennium, you will always be a unique class, and I will always remember your class as the first with which I had the pleasure of working.

You chose a unique and challenging road on the way to earning your college degree. Having completed that road, you should feel great pride in your accomplishment. The level of professionalism you have achieved is rarely matched and will set you apart from your contemporaries across the nation. This does not mean you are better than they are, but you can feel certain that you are better prepared. So whatever you do from here, do it with honor and an effort equal to or better than what you have put forth here at Maine Maritime Academy, and I know you will succeed.

It has been an honor working with you. So on behalf of Commander Frost (the "AC") and Lieutenant Victor Pinkham, we wish you all "Godspeed, Fair Winds, and Following Seas"!

Best regards,
Jeff Loustaunau
Commandant of Midshipmen

The Varsity Sailing Team consists of more than forty members, making it the second largest team at MMA next to the football team. The team sails in a variety of boats, including twenty new 420's, sixteen lasers, five shields, and a thirty-eight foot drobath. The team is currently ranked twelfth in New England and competes successfully against schools like Harvard, Boston College, Yale, and MIT. The team also consists of a group of students who spend their summer racing offshore in the Gulf of Maine circuit. Big events this year include Marblehead to Halifax, as well as the Shield's Trophy and McMillan Cup at the United States Naval Academy, where they have proven to be serious competitors. The Women's Team has improved their sailing enormously in this past season by beating four top New England teams in various regattas.

It seems like just yesterday, when you brought me to Castine to start this long but worthwhile experience. There have been some hard times. Sometimes I feel like I have missed a lot. However, I have also gained so much. I have visited many places that I never dreamed I would ever see. I have met so many great friends along the way. Words cannot express how much your support has helped me and I only hope that some day I can do the same for you. The only other thing I can say is “Thank You!” I love you all very much!

To my friends:

We have seen a lot of exciting places and done some crazy but memorable things. I hope that though we are all going our separate ways, we can all take time out of our busy lives to come together for a hunting trip or two. Thanks for the memories!

First, I wish to thank my parents and my family for believing and supporting me for the past four years. Without their support, I don't think that I would still be here at this point in my life. So Mom, Dad, Tim, Chris, Shawn, and Todd, thank you from the bottom of my heart, and I love all of you. I came here to this Academy a scared teenager with an understanding of the world or the field that I had chosen, and now I leave as an adult not only a scholar but also a gentleman learned in the ways of the world and an engineer. This Academy has not only given me an education but also shaped me into a respectable man. Next, I want to say goodbye to all of my friends that I have made here at the Academy, and God speed to all of you, may everyone achieve their dreams. To the "Dream Team", may all of you beyond our wildest dreams, and always remember "Turn and Burn Baby!". Frankie Bones, Flood, Pelly, Howard, and who could forget the Meke! Thank you Frank and Chris; I don't think you both know how big of a role you have played in helping me through the past couple of years. You two were there when no one else would listen to my problems. No matter how small or large of a problem you two were there for me, and give me advice. Thank you To Monica, I love you and always will love you. You have helped me through the toughest times in my life. You were there to support me when I had a family illness, you were there when I was having tough times, you were my main couple of weeks once, and you were there always. You are the greatest thing that ever happened to me, I love you. Last, but not least, to my brother Todd I want you to know that we're going to fight this thing, and we're going to win no matter how hard takes, I love you Big!!!!!

Thank you to my family and to Joe.  
We made it!

To my family:  
We have seen so much, and done even more.  
We have laughed, loved, fought, and cried,  
but most importantly we have grown.  
Even though there is still the occasional "MOM!!"  
Without you all I could not be where I am today.  
You all are my lighthouse guiding me in the sea of life.  
I love you all, always and forever.

To my Parents,
I would like to thank you for all the support you have given me through the toughest 4 years of my life. The goals I set for myself seemed far beyond my reach but with your support, I realized I can achieve anything life has to offer. To my son Tyler, you are my meaning for life, may all your dreams come true. To my friends, thank you for being there when times were at their toughest; especially Will Daisy and Scott Cote. I could not have reached my dreams without all of you. I don't know what the future at sea has in store for me, but with the support of all of you I am sure it will be bright and prosperous.

We came to school from different places and backgrounds. We leave having MMA and a chapter titled "The College Years" in our books of life. I look back on this chapter with thankfulness for the lessons I've learned in life, love, and friendship, and I have no regrets. Now we go into the world to make the world a better place and, at the same time, continue traditions. I would like to say thank you and good luck to every soul that has crossed my path in these last four years.

To BF, TJ, RD, KG and BC thanks for all the ski trips, ice fishing adventures and a foggy hamm. To Kate, I just wanted to say thanks for always being there for me. To mom and dad HEY! I did it!

Crossing the Bar
Sunset and evening star,
And one clear call for me!
And may there be no morning of the bar,
When I put out to sea,
But such a tide as moving seems asleep,
Too full for sound or foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may then be no sadness of farewell,
When I embark;
I hope to see my pilot face to face
When I have crossed the bar.

Another Blue Hill night with costume fun.

To all the people I have come in contact with over the past 4 years, thanks for the great times whether in dorms, at the beach, various watering holes, or just down the street. It's been a blast and we may have even learned a few things. Thanks to all my family and friends who made it all possible, without them I don't know where I'd be.

I just wanted to thank all of my family and friends that helped me get to where I am today, and where I'm going. To the crew at the dept., thanks for all the good times. To all the rest of my friends in the class of '01: "Fair winds and following seas." I made it Dad. Hope you're proud of me.

I have so many people to be thankful for, without their help and support I would not have been able to achieve so much in the past 4 years. My family is all very supportive and I thank god every day that I was blessed with them. My parents have been an inspiration and have helped me become a better person, not only in the past 4 years but for my whole life. I have to thank my brother for just being the best brother a guy could ever want. Angela, I love you and whether or not you realize it, you are stuck with me for the rest of your life, thank you for loving me and for always being there for me and my family.

Last of all, thanks to all of the guys here at MMA, this wouldn’t have been nearly as much fun without you.

What can I possibly say? It’s been an incredible 4 years—words can’t describe it.

To my family - I love you with all my heart. I thank you all for being there when I needed your support. Mom+Dad—thanks for making me the person I am today.

To my friends—We’ve had a great 4 years together, from the reef to the backshore, even a few adventures to Peaks Island (J.D.’s favorite place). We worked together through whatever life, or our professors threw at us these past years and the reward for our hard work is the degree we now hold. Best of luck classes 2000 and 2001! To my family and friends:

First, to my family, I say "Thank You." I have received more support than I could have possibly imagined. Although I could not visit with all of you as much as I would have liked, you were always there in my heart. When times got rough for me at school, that is usually when you would hear the phone ring. Just hearing your voices helped me get through those days. To Mom and Jim, Dad, Jen, Steve, and Nicole, I love you all very much and that will never change. Second, to my friends, I say "WE DID IT!" We made it through school and we had one hell of a time doing it. Good luck to everybody, I wish you all the best of luck. To the Dream Team, I'll see you all on hunting trip 2001!!

"I don't know where I'm goin! But that's ok, because you won't see me around here for a long, long time. A big thanks to Mom, Dad, and the rest of the family."
It has become apparent that the seemingly impossible task of holding a steady course through this cyclical experience is conceivable only with the kindness and support of irreplaceable friends and the love and wisdom of wonderful parents.

I think I’m getting irritable.
In the town where I was raised,
Clock ticked and the cattle grazed,
Time passed with amazing grace,
Back where I came from.

Mom, Dad - you’re an inspiration!

I can’t catch that in Maine!

Fishin’ on the Maumee!
Here’s to the start of a wonderful life together!

I can’t list every name and anecdote from five years of living with 800 people, so suffice it to say that any omissions are better off being corrected over a drink somewhere. That way this doesn’t have to be a goodbye speech...

Five years is a long time to spend at any place, and I know I would not have made it without the support of my friends and family. I try to count as many people as I can as friends, and so I will not even attempt to list you all. Rest assured that your initials alone would not fit on one page!

Diana and Martin, you have both been great at keeping me pointed in the right direction, giving advice, listening, and pushing as needed.

Wags, well...we made it. Keep in touch...I’m not sure I feel safe when I don’t know what you’re up to! Quack!

Richard, thank you for being around, in the right places at the right times.

AR, thanks for your two cents worth...it’s been worth more than that just as entertainment!

We thought long and hard about a sentimental quote. But what do you tell a man who is overflowing with wisdom and dreams?

How do you say he’s been the one we’ve all looked up to, the one we’ve missed?

How do you show the pride we all feel?

You have come so far and you are only just beginning.

We bless you with all our hope and love, and we promise our support as you build your future.

Even though you had a hard time figuring out what you wanted to do with your life, God knew all along!

As you go through life with the shores of yesterday at your heels and the horizons of tomorrow still ahead of you, keep the prestige insists of today alive. Remember what's important to you always. With the wind at your back and the blue skies above, move into a life full of adventure and excitement.

The past is important, it brought you where you are today. The present is a gift from God to unwrap as you see fit. The future is yours to make of it what you will. Go forward, have fun, live life to it's fullest, enjoy every minute and do what you love best, make memories and history with everything you do. I know God will always be with you, but just like when your Dad was at sea, a part of you will always be here with me.

Maine Maritime Academy
2001 Graduates!
At Tidewater Marine, it's sea and be seen. As the largest owner and operator of vessels for the offshore oil and gas industry, Tidewater enjoys global recognition as the leader in offshore energy transportation. The U.S. Merchant Mariners manning Tidewater’s Fleet are the most professional and well-trained Seafarers in the world. From transporting supplies and positioning mobile drilling rigs to assisting in offshore construction projects, Tidewater’s vessels are found in virtually every area of the world where there is significant oil and gas exploration or development. Started more than 40 years ago with a single vessel, today Tidewater commands hundreds of vessels and thousands of employees. Our entire operation has always been built on a commitment to quality; an ethic that commands not only what we do, but how we do it.

“Above and beyond
the call of duty’ isn’t just a phrase. It’s a call to action.”

To go beyond service. To care for our
members. To stand by them in good times or
bad. That’s been USAA’s call to action for over
75 years. We were founded
by the military for
the military and we share the values you live
by. Honesty. Integrity. Loyalty. Service. And we
provide a variety of products and services
gearied to your military life, like checking and
savings accounts or loans, auto and other
insurance of all kinds, investment services, or
retirement planning. Whether you’re a mid-
shipmen, an officer or enlisted, USAA is there
for you, no matter what.
