OFFICE OF THE PRESIDENT

Congratulations to the class of 2009!

Graduation day marks the beginning of a new phase in your lives. If you think back to your first days here as a freshman, you will doubtless be aware of how much you have changed and grown and how much you have learned. But this is just the beginning of a lifetime of learning new things and meeting new people. I hope that during your time here you have developed strong bonds with other members of your class, your company, your team or your crew. I hope that there have been faculty members who have inspired you and challenged you to do what you thought was impossible, as well as other members of staff who have helped you along the way. I hope that you have learned not only your course material, but also the value of good citizenship and a strong work ethic.

As you begin this new chapter in your lives, bear in mind that you get out of life what you put into it.

I encourage you to stay in touch with your classmates, your professors, and all of those who have made a difference in your lives. All of us here wish you well. We expect great things from you and look forward to hearing about your lives when you return to visit.

We send you on your way with our best wishes for a remarkable future.

Arnold Grindle

We, the class of 2009, proudly dedicate this book to Arnold Grindle.

Arnold Grindle, fondly known to the Castine community as Alnie, grew up and still resides, in Orono, Maine with his wife Pamela, who also works at MMA as the Marine Science Lab Manager. Together they have 2 children, Jim, a recent alumnus of the New England School of Communications, and Samah, a student at Bucksport High School. After graduating Bucksport High School, Alnie attended Washington County Community College for Automotive Mechanics. He has been an active member of the Castine community for 21 years and has held the position of Athletic Equipment Manager/Assistant for the past 11 years.

Athletes and coaches alike respect Alnie for his contributions to and hard work within the Athletic Department of Maine Maritime Academy. His duties do not require him to know every athlete's name or even their uniform number for the year yet he does! Such details are noticed and appreciated by everyone. But Alnie's caring attitude and willingness to help does not stop with student-athletes. He assists the Adams School with their physical education class needs, as well as provide support for intramural sports and clubs on campus.

We thank Alnie for all that he does on a continuous basis. It is because of your above and beyond help that the students of Maine Maritime Academy are able to accomplish so much.
On September 26-28, 2008, RMA celebrated Homecoming. 13 alumni classes were honored during the weekend, including the class of 1958 who celebrated their 50th reunion.

In addition to celebrating the alumni, Homecoming also gave the Regiment of Midshipmen the opportunity to announce Delta Company as the 2007-2008 Honor Company. Delta was also recognized as the Honor Yag Company for their performance during RPT and HUG month.

CONGRATULATIONS, DELTA company!
Family Weekend
To the Class of 2009

Congratulations to the Class of 2009! It is with great pleasure that I write this letter to recognize your time and acknowledge your achievements while at Maine Maritime Academy. You are a class made up of many outstanding individuals. What is most noteworthy is how you have come together as a class, and the resultant positive impact on the Academy.

Whether involved in fundraising, student government, the Regiment of Midshipmen, or clubs and activities; your class has increased the pride of the student body, and made it all that much more meaningful to be a member of the Maine Maritime Academy community. In the years to come, you can all look back with pride on that accomplishment.

Looking forward, you are starting your careers in a most challenging yet dynamic time. It is a world economy the stability of which is often in question, a world in a struggle with terrorism, a world facing an energy crisis of historic proportions, all of which lead to fear and uncertainty. We ask that you embrace these challenges with the same enthusiasm that you demonstrated during your four years at the Academy. We ask you to not accept the current situations that are plaguing our world today, but to use your education, your leadership skills, and your enthusiasm to meet those challenges. In so doing, you will find a world of unlimited opportunity, and that you truly can make a difference.

From all of us, we wish you the best!

Naval Reserve Officer Training Corps

Since its inception in 1972, the NROTC unit at Maine Maritime Academy has commissioned over 700 men and women of the highest caliber into the United States Naval Service. Their journey begins freshman year when they report to MMA for the annual Navy Induction period. Throughout their academic careers, the young midshipmen are challenged in numerous ways, including Physical Training as well as being tasked with one of numerous staff billets. It’s not all work, however. The students’ recreational fund helps pay for several fun events, including the annual Navy Birthday Ball and Dining In. It’s four hard years here at MMA, but when these students graduate they are readily prepared to face the immense task of leading this nation’s young men and women aboard ships, aircraft, and submarines, or within the United States Marine Corps.

"I can imagine no more rewarding a career. And any man who may be asked in this century what he did to make his life worthwhile, I think can respond with a good deal of pride and satisfaction. "I served in the United States Navy."

Here's to love lost and new found friends,  
And having life in the boat we've in  
I can't be still, I can't be kind.  
The only time I feel alive  
Is when the wind fills my sail,  
Riding on a lifelong swell.  
Let my heart take me where it wants to go  
That's the soul of a sailor.  
The soul of a sailor

Congratulations kiddo! We are so very proud of you!!! These last four years have flown by and it doesn't seem possible that you have just one more semester to go. You will leave MMA with the knowledge, discipline and work ethic that will take you far for years to come. You are a fine young man who has worked hard and will achieve anything you set your mind to. As you enter the next phase of your life, remember all that you have learned, stand up for what you believe in and be happy. Thank you for being you!
Love you a bunch, Dad & Mom OXOX

*Lord Protect My Child*

For his age, he’s wise
He’s got his mother’s eyes
There’s gladness in his heart
He’s young and he’s wild
My only prayer is, if I can’t be there, Lord, protect my child

As his youth now unfolds
He is centuries old
Just to see him at play makes me smile
No matter what happens to me
No matter what my destiny
Lord, protect my child

While the world is asleep
You can look at it and weep
Few things you find are worthwhile
And though I don’t ask for much
No material things to touch
Lord, protect my child

He’s young and on fire
Full of hope and desire
In a world that’s been raped, raped and defiled
If I fell along the way
And can’t see another day
Lord, protect my child

There’ll be a time I hear tell
When all will be well
When God and man will be reconciled
But until men lose their chains
And righteousness reigns
Lord, protect my child

( Words and Music by Bob Dylan 1983 Special Rider Music)

Yeah!!!

Your accomplishments are something that should make you very proud. If your Great Grandfather (Hicky Lamson) were here he would be beaming to know that someone as special as you followed in a similar career path as he once did. The goal you set for yourself has been difficult and you have worked hard for it, but now you are ready to pursue your career in SVO (Small Vessel Operation). Four years has seemed endless at times but it is done and the reward of the hard work is yours. Good luck in your future path as a Small Vessel Operator and remember we will always be proud of you as you continue to reach your goals in life.

Maine Maritime Academy was the right choice for you and we are so very proud of your many accomplishments and achievements.

As you graduate from MMA, you have the talent and training to follow your dreams. We wish you happiness and success in all that you do. We love you!

2008 NAVY BALL

Every fall, the Naval Reserve Officer Training Corps (NROTC) unit at Maine Maritime Academy hosts a birthday ball. On this formal evening, Midshipmen and active duty alike join their fellow members of the United States Naval Service in celebrating the founding of both the United States Navy and United States Marine Corps. The evening is an event-packed affair, beginning with the traditional cake cutting ceremony as well as the customary toasts. Once the formalities have ended, the ball becomes a slightly more raucous affair as the dancing continues late into the night.
