OFFICE OF THE PRESIDENT

Congratulations to the Class of 2010!

You will be the last graduating class of my 40 year career at Maine Maritime Academy and I look forward to celebrating your achievements at Commencement. During the past year, I have spent many hours looking back over my time here and remarking how swiftly the time has flown by. You will find the same to be true of your own lives. Four years ago, you arrived here as freshmen and I am sure that it seemed like an interminable length of time before you would leave here with degree in hand. Now, looking back, I am sure you will agree that the time has passed very quickly. I hope they have been good years; that you have grown and matured, and made a lot of connections and lifelong friends. I know that we would not number you among our graduates unless you had gained knowledge of your course materials, mastered hands-on skills, and learned a lot about leadership, honesty and integrity. All of these things should serve you well in your future careers.

As you leave us, you will join the thousands of Maine Maritime alumni who work all over the world. Regardless of what you do in life, or where your future takes you, I hope you will strive to make the world a better place and lend others a helping hand. You should be proud of yourselves and your achievements thus far, but remember that this is only the beginning. Many years ago, a wise man told me that the secret to success is to do more than you have to because all around you there will be people trying to less than is required. It turns out he was right!

All of us here wish you well. We expect great things from you and look forward to hearing about your lives when you return to visit. We send you on your way with our best wishes for a remarkable future.

President Tyler,

We would like to express deep heartfelt gratitude for your many years of service here at MMA. Like us, you too are now headed for a new and different adventure. We hope that you have learned as much from us as we have from you and that your experiences at the Academy have been enjoyable.

For whatever lies ahead we wish you fair winds and following seas. Thank you.

Very Respectfully,

The Class of 2010

To the Class of 2010:

Congratulations Class of 2010! Over the past four years, you have experienced much, not only in your academic endeavors, but also in your personal and professional lives. As a class, you have been Maine Maritime Academy, and made your mark that will long be remembered! Through it all the honor, loyalty and devotion to duty displayed by your class will always be remembered.

Graduating in this day and age, you have opportunities that are unparalleled. Along with those opportunities will also be challenges that you have been preparing for over the past four years here at Maine Maritime Academy. You are well prepared and understand commitment. You understand honor, loyalty, and devotion to duty. Think about these in all you do, and you will overcome the challenges you face, and succeed in the opportunities that life presents to you. We that remain here will wait to hear of your successes and the positive mark you leave in all your endeavors.

A final thought worth remembering is to measure your success, not by what you accomplish for yourself, but by what you accomplish for others.

On behalf of Commander Frost (the "AC"), Lieutenant Dave Hassett, Lieutenant Chris Wehunt, Lieutenant Michelle Eaton, and the recently retired Lieutenant Vic Pinkham; we wish you all "Godspeed, Fair Winds, and Following Seas"! It has been our honor and privilege working with you! You will be missed!

Respectfully,

Jeff Loustaunau

NROTC

Since its inception in 1972, the Naval Reserve Officer Training Corps (NROTC) unit at Maine Maritime Academy has commissioned over 700 men and women of the highest caliber into the United States Naval Service. Their journey begins freshmen year when they report for the annual Navy Indoctrination period. Throughout their academic careers the young midshipmen are challenged in numerous ways, including ample Physical Training as well as being tasked with one of numerous staff billets. It is not all work, however. The students' recreational fund helps pay for several events throughout the year, such as Dining In and the ever-popular annual Navy and Marine Corps Birthday Ball. The four years these midshipmen spend at the Academy certainly are demanding, but when they graduate they are prepared to face the even more demanding task of leading this nation's young men and women aboard ships, submarines, and aircraft or within the United States Marine Corps.

NROTC

"I can imagine no more rewarding a career. And any man who may be asked in this century what he did to make his life worthwhile, I think can respond with a good deal of satisfaction: 'I served in the United States Navy.'"

-John F. Kennedy, 1963

Dedication

Fallen

Rest now my fallen brother
Lay soft your suffering back
Rest well and forever
Your memory shall not lack
Rest your tired hands
Wipe clean your weary brow
Rest with St. Florian
Your spirit now endowed
Rest here your breaking heart
We know you gave your all
Rest easy, you've done your part
You've answered your last call
Rest knowing that in god we sought
Oh lord, watch over another who just fell
Rest assured your troubled thought
As we ring the final bell.

-Author Unknown

Crossing the Bar

Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea,
But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.
Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;
For tho' from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crost the bar.

-Alfred Lord Tennyson

I am eternally thankful to everyone who has placed a positive role in my education and personal growth here at Maine Maritime Academy. Thanks to my professors, for their encouragement and valuable teaching; my dear friends who were always there for me through good times and bad, the memories are precious and irreplaceable.

Mom and Dad, you have provided the spiritual and moral foundation for where I am today and where I will be in the future. Thank you for the love and support you continuously give.

I am about to complete my final year here at MMA. I have worked hard and have made many friends. I have learned a lot and have always found the right people to help me when I needed it. I am lucky to have a loving and supportive family and I am very grateful for my father who has cosigned my loans to make attending MMA possible for me. I am also grateful to the school and to the teachers for showing us how the material that is being taught relates to real life situations. I have had a great time here and I am proud to say that I am graduating from Maine Maritime.

Jonathan,

No matter how hard we try, no words can be written
that express how proud of you we all are.

You have become a man in the last four years.

A man who has proven that, time and time again, he will
meet any challenge with hard work and diligence.

A man whose friends and family can trust to always
do what is right. A man who has learned from his and other's
mistakes, and makes decisions with the best of intentions.

Your future holds endless possibilities, the world awaits you,

Jonathan Bennett Kovach

You sailed your first time at three weeks old to Mom and Dad's delight. At Age 8 we had a Junior Sailor, on a full rig Laser. Indeed you had no fright! A racing sailor at age 10, you had 9 summers at Camp Seagull and learned "character counts"! As a freshman in High School, you declared that Maine Maritime Academy was your dream. With your Captain's License in hand you went to MMA and joined their sailing team. Congratulations, Captain Jonathan! We are so very proud of you and your accomplishments, and of your courage and determination to live *your* dream.

Sea Fever

I must go down to the seas again,
to the lonley sea and sky,
And all I ask is a tall ship
and a star to steer her by,
And the wheel's kick and the wind's song
and the white sail's shaking,
And a grey mist on the sea's face
and a grey dawn breaking.

I must go down to the seas again,
for the call of the running tide
is a wild call and a clear call
that may not be denied;
And all I ask is a windy day
with the white clouds flying,
And the flung spray and the blown spume,
and the sea-gulls crying.

I must go down to the seas again
to the vagrant gypsy life,
To the gull's way and the whale's way
where the wind's like a whetted knife;
And all I ask is a merry yarn
from a laughing fellow rover,
And quiet sleep and a sweet dream
when the long trick's over.
