OFFICE OF THE PRESIDENT

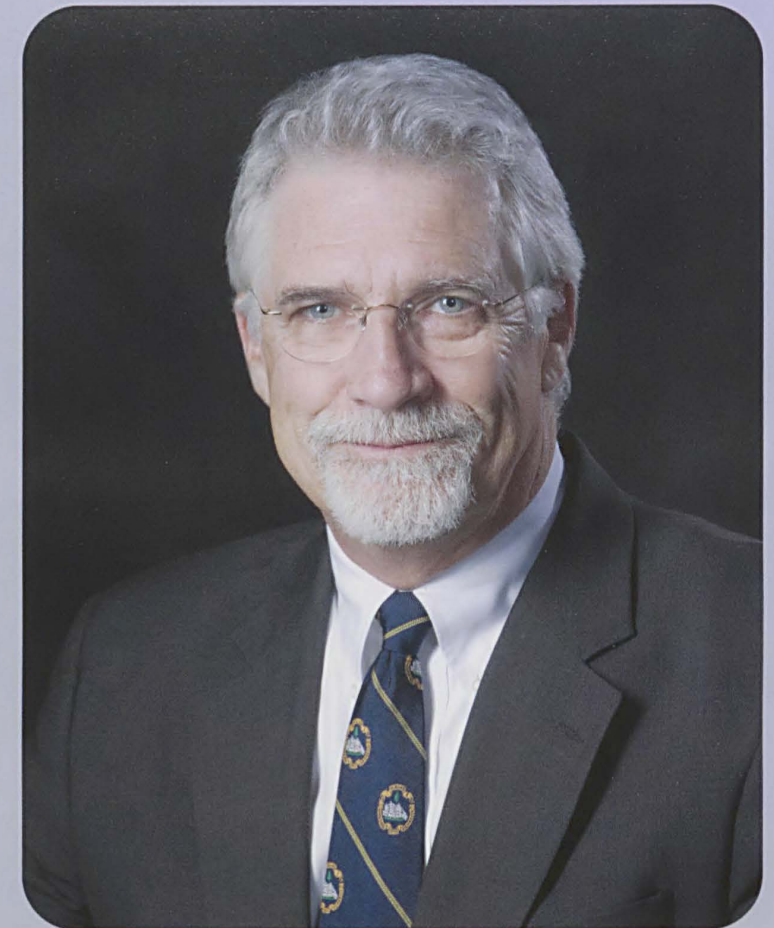

Congratulations to the Class of 2011!

You will be the first graduating class of my career at Maine Maritime Academy and I look forward to celebrating your achievements at Commencement. During the past year, I have spent much time getting to know the college and the many people who make MMA such a wonderful place. It's hard to believe that a year has passed since I arrived here.

Four years ago, you arrived here as freshmen and I am sure that, at the time, it seemed like it would be forever before you would leave here with your degree in hand. Now, looking back, I am sure you will agree that the time has passed very quickly. I hope they have been good years; that you have grown and matured, and made a lot of connections and lifelong friends.

As I mentioned during Convocation, the credentials you receive as a result of all your hard work, your diplomas and licenses, have value because of the reputation of the college and its alumni. You are now part of that association of women and men who occupy leadership roles in shipping, energy, logistics, ocean and environmental stewardship, and related industries. When you reflect back on your time here at MMA, remember that the Academy has given you all you asked of it; a fine education and the tools necessary to be successful in your careers and, hopefully, in your lives. As you begin this new chapter in your lives, bear in mind that you get out of life what you put into it, and remember to give back to an institution that has given so much to you.

On behalf of all of those who have worked with you at the Academy, I wish you a future filled with achievement, prosperity and service to others.

President Brennan,

On behalf of Maine Maritime Academy, we would like to welcome you back to the MMA and Castine communities. We have faith that you will lead our institution in the appropriate direction to allow our future students grow into powerful engineers, scientists, and managers. As you have mentioned numerous times, our community needs to join together to make our environment a better place. With your help we believe this is an achievable goal. You have already proven yourself to be a dedicated member of our school and our community. There is no doubt in our mind that you will bring much success to Maine Maritime Academy. You are embarking on a new and exciting journey, just as the Class of 2011 is. We wish you the best of luck in this adventure and would like to thank you for all that you have done thus far.

"Be the change you wish to see in the world" - Mahatma Gandhi

Very Respectfully,

The Students, Faculty and Staff of Maine Maritime Academy

MAINE MARITIME ACADEMY  
CASTINE, MAINE 04420

To the Class of 2011:

Congratulations Class of 2011 on your successful journey through these past four years. From your first days of orientation and RPT, to your cruises and co-ops, and through the trials of your academic years, you have grown as a class and as individuals. Through it all the honor, loyalty and devotion to duty displayed by your class will always be remembered.

You are entering a global arena with tremendous opportunities for all professions and walks of life. Never before have the people of the world been more dependent on each other. Never before have the economies of the world been so closely tied. Never before has the world been changing at such a rapid rate. It is truly an exciting time! But as we all know, along with these opportunities comes an unprecedented amount of unrest and challenges all over the world. For the world to move forward towards the betterment of all human kind, there will have to be young men and women with a vision of what they can become, and what the world can become.

The Class of 2011 can be those men and women! Remember your friends and family. Remember the good times! But also remember the struggles and how you overcame them and grew from them. Take all of those experiences with you and you will make your mark on the world.

On behalf of Commander Frost (the "AC"), Lieutenant Dave Hassett, Lieutenant Chris Wehunt, and Lieutenant Michelle Eaton, we wish you all "Godspeed, Fair Winds, and Following Seas"! It has been our honor and privilege working with you through your four years here! You will be missed!

Best regards,

"I can imagine no more rewarding a career. And as man who may be asked in this century what he did to make his life worthwhile, I think can respond with a good deal of satisfaction: 'I served in the United States Navy.'" - John F. Kennedy, 1963

Since its inception in 1972, the Naval Reserve Officer Training Corps (NROTC) unit at Maine Maritime Academy has commissioned over 700 men and women of the highest caliber into the United States Naval Service. Their journey begins freshmen year when they report for the annual Navy Indoctrination period. Throughout their academic careers, the young midshipmen are challenged in numerous ways including ample Physical Training, as well as being tasked with one of numerous staff billets. It is not all work, however. The students' recreational fund helps pay for several events throughout the year, such as Dining In and the ever-popular annual Navy and Marine Corps Birthday Ball. The four years these midshipmen spend at the Academy certainly are demanding, but when they graduate they are prepared to face the even more demanding task of leading this nation's young men and women aboard ships, submarines, and aircraft or within the United States Marine Corp.

## *Dedication*

During their time at Maine Maritime,  
the Class of 2011 lost two friends and classmates.  
Therefore, it is with heartfelt remembrance that we dedicate  
the 2011 Trick's End in remembrance . . . You left us much too soon!

### *Celebration of Life*

The celebration of life,  
Shared in the beginning, and again, in the end.  
Yet we forget to celebrate it, in every moment we live.  
Time, days, years, go on, but are we alive?  
Alive and do not know it, sleeping in the world  
and dead to the life we are to live

To celebrate all life,  
the sparrow who sang in the morning,  
and died in the night,  
why do we not celebrate its life?

To know thyself is to know you are alive  
to give, to love, to seek truth, beauty, and suffer pain.  
In life as it is meant to be, pain is forgotten, and  
strength is all that's left to be gained  
in the moment by moment celebration of life.

CCC Greg,

You are on your way! You have shipped with mom and dad for 22 years and now you have the helm. Nanny, Poppa, Grampy, Meaghan, Mom and I are so proud of what you have accomplished. May you have fair seas and a following wind.

Love,  
Mom, Dad, and Meg

Dear Matthew,

Here we are at the "Trick's End" of your college education.

Four years, some of those days were long (long nights, big tests) and some days just flew by (long nights, friends & fun). Only you can tell the whole story of your college career, but we do know a few things about it.

You have received a world-class education at Maine Maritime Academy and for that we are extremely grateful. Your professors shared their knowledge with you and helped you learn more than just how to do a job. The Regiment taught you a self-discipline that helped to organize and fine-tune your approach to tackling life's little surprises with grit and determination. The Castine Fire Department taught you how to protect and serve your friends and neighbors, no matter where that may be. And your leadership classes brought out the best in you to be a leader with endurance, integrity, and some salty grit.

You have made lifelong friendships and are part of an elite group of men and women. For all of your life you will be tied to the MMA family. You'll be able to cross an ocean, be in a foreign land, and still find a piece of your "homeland" with another Alum you have just met.

All of these things are important, but most importantly YOU did it. Your dreams and ambitions, your hard work and determination, and your ability to dig in and get the job done have brought you to succeed.

We are so very proud of all of your accomplishments and are honored that we have been a part of the man you are today. Thank you for the gifts you have given us as our son. We know you will accomplish great things with your life. You are truly a citizen of the world now, remember to give back for all the blessings you have received.

Love,  
Mom, Dad and Katie

*I Must Go Down to the Sea*  
By: John Masefield

"...I must go down to the seas again, for the call of the running tide  
Is a wild call and a clear call that may not be denied;  
And all I ask is a windy day with the white clouds flying,  
And the flung spray and the blown spume, and the sea-gulls crying..."

## Michael Frederick Walker

You've come a long way  
from that inflatable

Who knew you would

We are all very proud of  
your accomplishments,  
and wish you fair winds
