OFFICE OF THE PRESIDENT

Congratulations to the Class of 2012!

As I sat down before this blank page wondering what to write to applaud you for attaining your degree and inspire you as you go out into the world, it occurred to me that your future lies before you like a blank page and you can write on it in any manner you choose. You now have a wonderful foundation upon which to build. Your time here has provided you with hands-on skills, a solid work ethic and the reputation of all those alumni who came before you. Over the past year, I have stressed the value of community and a code of honor by which we should all strive to live. I hope that you feel very connected to this wonderful institution, the faculty and staff who work here, and the classmates with whom you have already developed a history. When you come to a reunion, even if it is many years from now, you will find that those ties are still strong. Though your paths may go in many different directions, you still have a shared experience that will bond you with your classmates for the rest of your lives.

We have a tremendous network of alumni who are still very much connected to the Academy and many of you may have been the beneficiaries of their generosity, whether in terms of scholarships they have donated, job contacts they have provided or the many other kinds of contributions they have made. Wherever you go, you will meet MMA graduates who are proud of their association with the Academy. You have all worked hard to earn your degree here and you are now numbered among that group and invited to join the various alumni chapters throughout the country. We all look forward to having you come back to visit to tell us about your careers, your lives and your families.

Best wishes for a successful future and a wonderful life. I am confident that you will continue the traditions and values which we hold dear, that you will conduct yourselves honorably and make yourselves, your families and us very proud.

Sincerely,

Dr. William J. Brennan
President

Dedication

The 2011-2012 *Trick's End* yearbook staff would like to dedicate the 2012 yearbook to Lauren Garrett for her outstanding devotion to Maine Maritime Academy.

Lauren possessed an unwavering commitment to student life at MMA and surely enriched the experience of many. Throughout her time at the Academy, Lauren was responsible for the creation of many new initiatives and programs that benefited the student body, such as the Alternative Spring Break program. We wish Lauren all the best as she pursues her Ph.D!

To the Class of 2012

Congratulations Class of 2012! Over the past four years, you have experienced much, not only in your academic endeavors, but also in your personal and professional lives. As a class, you have been Maine Maritime Academy. The enthusiasm, professionalism, and work ethic in all that you have undertaken here will long be remembered!

Graduating in this day and age, you have opportunities that are unparalleled. Along with those opportunities will also be challenges that you have been preparing for over the past four years here at Maine Maritime Academy. You are well prepared and understand commitment. You understand honor, loyalty, and devotion to duty. Think about these in all you do, and you will overcome the challenges you face, and succeed in the opportunities that life presents to you. We that remain here will wait to hear of your successes and the positive mark you leave in all your endeavors.

A final thought worth remembering is to measure your success, not by what you accomplish for yourselves, but by what you accomplish for others.

On behalf of Commander Frost (the "AC"), Lieutenant Dave Hassett, Lieutenant Fred Kaiser, and Lieutenant Michelle Eaton; we wish you all "Godspeed, Fair Winds, and Following Seas"! It has been our honor and privilege working with you! You will be missed!

Respectfully,

Captain Jeff Loustaunau
Vice President for Enrollment Management/
Commandant of Midshipmen

NROTC

Since its inception in 1972, the Naval Reserve Officer Training Corps (NROTC) unit at Maine Maritime Academy has commissioned over 700 men and women of the highest caliber into the United States Naval Service. Their journey begins freshmen year when they report for the annual Navy Indoctrination period. Throughout their academic careers, the young midshipmen are challenged in numerous ways including ample Physical Training, as well as being tasked with one of numerous staff billets. It is not all work, however. The students' recreational fund helps pay for several events throughout the year, such as Dining In and the ever-popular annual Navy and Marine Corps Birthday Ball. The four years these midshipmen spend at the Academy certainly are demanding, but when they graduate they are prepared to face the even more demanding task of leading this nation's young men and women aboard ships, submarines, and aircraft or within the United States Marine Corps.

I may have gone where I intended to go, but I think I have ended up where I needed to be. I have gone to legendary places with strange men. Looking back I know we thought the unthinkable, we did the undoable. We prepared to grapple with the ineffable itself and saw that we did not eff it after all.

Past, Present, and the future! Looking back, it seems like yesterday when I arrived to MMA ready to take on 4 years of college which I had been looking forward to since early on in high school. As for right now, my life is all about creating a good reputation and character as I go to work full time, for the first time out to sea. As for down the road, I am focused on meeting the high expectations of which I have set for myself, and accomplishing the many lifelong aspirations that I have. It will surely be a challenging path at times but a very rewarding path too. I will sail because of my love for the ocean, the experience, and the money which will open up doors into my future endeavors and will allow me to meet my high expectations and goals!

I want to thank Mom, Dad, Janey, and Fulton for all of your support. I couldn't have done it without my fiancé Veronica and my little babe Tara. Everyone has to grow up sometime. I am "straight edge" now.

"It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat." ~Theodore Roosevelt

As you begin your journey into the future first look back at the wisdom and guidelines that we have given you. Then go with confidence that you can do anything that you put your mind to. Never settle for the easy road, but challenge yourself continuously. Now is the time to create yourself into someone YOU will be proud of. We are already proud of you. We have always said you were a very smart young man. You have proved it to everyone and most importantly yourself.

Keep focused on your goals, don't let anyone sway you off your path and yet keep your options open. As the farmer said to Babe, "to thine own self be true."

You have and will always be the greatest son!!!!

Go with your dreams!!!!

The sea has been calling since you were just a toddler. From fishing Maine to Florida to Alaska and points in between, to learning how to sail in high school, then being part of the National Collegiate Varsity Offshore Sailing Team and sailing in the Student Yachting World Championship in France, you have become one with the sea.

You have made us so very proud.

Love,
Mom, Dad, and Connor, too

Jacqueline Connell

Jacqueline,
Congratulations! I am so proud of you. I have enjoyed watching you as a little girl, so shy and so cautious. You have grown into a beautiful young woman. Still cautious, but open to the possibilities of what you can do when you believe in yourself. You have always been in your element on the water. From the days of fishing with your dad on Pleasant Island, standing on a bucket to reach the wheel in your pink rubber boots, to going out into the world with so many experiences awaiting you and your dreams. "B," my wish for you... trust your intuitions! Don't take the easy path. Take the channel that will inspire you. It will teach you the most about yourself, and life. And remember, I love you. I will always be here for you.

Mom

Jacqueline Connell

Dear Sis,

Today, Nate and I took some time to think of you, and your life ahead. We came across these quotes and a special song that sum up all our thoughts and wishes for you and your life. So read, and then listen to this Dylan song... This song is for you.

Love, Nate and Aunt Jo Jo

"I pray to be like the ocean, with soft currents, maybe waves at times. More and more, I want consistency rather than highs and lows."

Jacqueline,
We are so proud of you and what you've accomplished over the last four years. When you get to the finish line of this journey, a new one begins.

"The question is not 'Can you make a difference?' You already do make a Difference. It's just a matter of what kind of difference you want to make during your life on this planet."

All our love,
Rick, Jonne, Connor and Ryan

"Forever Young"

May God bless and keep you always
May your wishes all come true
May you always do for others
And let others do for you
May you build a ladder to the stars
And Climb on every rung,
May you stay forever young,
Forever young, forever young,
May you stay forever young.

May you grow up to be righteous
May you grow up to be true
May you always know the truth
And see the lights surrounding you
May you always be courageous
Stand upright and be strong
May you stay forever young,
Forever young, forever young
May you stay forever young.

May your hands always be busy
May your feet always be swift
May you have a strong foundation
When the winds changes shift
May your heart always be joyful
And may your song always be sung
May you stay forever young,
Forever young, forever young
May you stay forever young.
