# Maine Maritime Academy

2013-2014

The 2013-2014 Trick's End yearbook staff would also like to dedicate the 2014 yearbook to Captain Jeff Loustaunau to thank him for his time here at Maine Maritime Academy.

Although Captain Loustaunau's time at the Academy has been short, he has made great strides for the Regiment of Midshipmen and the student body while in his positions as Commandant of Midshipmen, Vice President of Enrollment Management, and Vice President of Operations. He led the creation of the Personal Development and 4/C Physical Training programs, and also expanded recruitment in the independent majors at the Academy. His accomplishments at the academy have ensured that it remains the premier Maritime Academy in the United States, and his dedication to MMA will be greatly missed. We would like to thank you for all that you have done for the Academy, Captain Loustaunau, and we wish you a happy retirement!

The 2013-2014 Trick's End yearbook staff would like to dedicate the 2014 yearbook to Dean John Barlow in thanks for his many years of service to Maine Maritime Academy.

After 43 academic years at the Academy, Dean Barlow is retiring. He started as Associate Dean in 1996 and was later promoted to the Academic Dean, a position he has held for over ten years. Dean Barlow works closely with the student body and the faculty at MMA, and has been described as fair and caring about the welfare of the students, faculty, and staff. His door was always open, and those who worked closely with him describe him as understanding, professional, and humorous. He has been very successful in his role as the Academic Dean and leaves a positive impact with us all; he is sure to be missed.

Thank you for your hard work and dedication, Dean Barlow. Although you will be missed, we hope you enjoy your retirement!

OFFICE OF THE PRESIDENT

Congratulations to the men and women of the class of 2014!

The Class of 2014 holds a special place in my heart as you and I began our time here at Maine Maritime Academy together. You helped me learn what a wonderful college this is. It is hard to believe that four years have passed so quickly, yet it's true and graduation day marks the beginning of a new phase in your lives. If you think back to your first days here as a freshman, you will undoubtedly be aware of how much you have changed and grown and how much you have learned. But this is just the beginning of a lifetime of learning new things and meeting new people.

During your time here, I hope you have developed strong bonds with other members of your class, your company, your team or your crew. I hope that there have been faculty members who have inspired you and challenged you to do what you thought was impossible, as well as other members of staff who have helped you along the way. I hope that you have learned not only your course material, but also the value of good citizenship and a strong work ethic.

As you go out into the world, please know that you have inspired me and I am confident that you will find that the education you have received here will stand you in good stead, regardless of what you decide to do with your future. We have prepared you to be successful in your careers and I truly hope that you will always be successful in your lives. I am proud of your accomplishments and I thank you for all you've given me.

As you leave us, you will join the ranks of thousands of Maine Maritime Academy alumni who work all over the world. No matter where you go, or what you do, I trust you will endeavor to make the world a better place and that you will remember those who come after you and offer them a helping hand.

All of us here wish you well. We expect great things from you and look forward to hearing about your lives when you return to visit.

Best wishes for a remarkable future,

Dr. William J. Brennan  
President

OFFICE OF THE COMMANDANT OF MIDSHIPMEN

Dear Class of 2014,

I would like to take this opportunity to offer you a few words of encouragement and advice.

Your college careers are drawing to a close at the same time that you are opening the door to your professional careers. As you charge out of Castine to do great things, remember where you came from and the lessons you have learned here. At the same time, remember that there is still so much to learn, either through experience or by listening to a professional mentor.

When you remember where you came from, give yourselves the credit you deserve. You have impacted our campus in lasting ways, carrying the Student run Honor Board from infancy to legitimacy, helping the Academy tackle tough issues through upstart programs, and lending your support to the fundraising efforts that will provide future classes with a state-of-the-art facility in the ABS Building. Remember the positive impacts you have had on our community and use that to fuel you as you move into new arenas.

All of us at Maine Maritime Academy look forward to witnessing the great things you will do as alumni of Maine Maritime Academy and we wish you Fair Winds and Following Seas.

DANIELLE HOLT, PRESIDENT OF THE STUDENT BODY

Dear Class of 2014,

Four years ago, we all made the same commitment of uprooting and moving our lives to Castine, Maine. I think we all might have questioned the decision once or twice during our time here, but somehow we all found the motivation and the drive to make it through. On our way out the door, I want to remind you of all that MMA has done for us. It has provided us with an industry leading education and a work ethic and morale that will stand out among others. The uniqueness of this school is what defines it and it is why people remember it. So remember where you came from, it is part of what defines you.

I hope you all find what you are looking for out in the real world. Don't forget to have fun! Always shoot for the moon...Even if you miss, you'll still be on top of the world.

Cheers,  
Danielle M. Holt

RYAN ARMSTRONG, STUDENT TRUSTEE

To: Class of 2014  
From: MIDN 1/C Ryan Armstrong

Four years ago we all made a decision to do something a little bit different; a little more difficult; and a little more adventurous than many of our friends from high school. We made a decision to go to a school that was at the end of a small Maine road rather than head off to a big university or city where the parties were awesome and where night life actually existed.

Although it'd be cool to have the experiences our friends may have had in those places, the experiences we've had at MMA are so much more unique and so much more memorable. For example the great Sodexo food, the Castine Road, and of course the lost rain jackets have all been a part of our college memories. During our time at MMA we've been well trained to become engineers, researchers, scientists, navigators, managers, and business men and women. Remember where you learned your skills and the people that you learned them with.

It's truly been an honor and a blessing to have spent the past four years studying with all of you. Its gone by quickly and I hope to see you out there. Never take the world too seriously and always remember to have fun.

Stay fly,  
ARMSTRONG

# 2013

Since its inception in 1972, the Naval Reserve Officer Training Corps (NROTC) unit of Maine Maritime Academy has commissioned over 700 men and women of the highest caliber into the United States Naval Services. Their journey begins freshman year when they report for the annual Naval Indoctrination period. Throughout their academic careers, the young midshipmen are challenged in numerous ways, including ample physical training, as well as being tasked with one of numerous staff billets. With all that hard work, there comes time to play; the NROTC students' recreation fund helps sponsor several events throughout the year, including Dining-In and the annual Navy and Marine Corps Ball. Although the four years these students spend at the Academy certainly are demanding, they graduate prepared to face the even more demanding task of leading the nation's young men and women aboard ships, submarines and aircraft, or within the United States Marine Corps.

I have learned a lot here, I will never forget this place. Great things were taught here by great people. I would especially like to thank Captain Cole, Captain Miller, Captain Slazas, and Captin Tarrant for teaching me re-teaching me these things in a way that I have never been taught before. A new group of friends were made and it has been sticking it out with them, many a good time were had, gentlemen. Cannot believe it's over, I'm out!

The last four years have flown by! It's been a great time, building ship structure models with Chan and staying up all night to play video games with Dean. Some awesome initiations with APO and some crazy plays with Drama Club. I will never forget long weekends with SCUBA class and digging snow tunnels with Kasee. Good luck Class of 2014!

Well, hard to believe it's already been four years. There are so many memories that will stay with me forever and can only hope others will experience Maine Maritime Academy the same way. Many people helped and believed in me along the way and I want to tell them how much I appreciated them being here. Mom, Dad, Sarah, Chris, Russell, Grammie, Grampy, Grandmom, Granddad, Mark, Kathy, Hannah; you all believed in me along the way and I don't know how I could have gotten through without you. I love you all! And to all my friends I have met along the way, thanks for making the last four years a ride of a lifetime! I hope you all find what you're looking for and wish you fair winds and following seas on the adventures that await you!

“Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma - which is living with the results of other people's thinking. Don't let the noise of other's opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary.” -Steve Jobs

Dear Nick,  
Wasn't it just yesterday when we were blessed by your arrival? Time goes by much too quickly. We will cherish every moment we've shared with you and look forward to the new memories we will make. Always be proud of who you are and what you do in life. The sky is the limit...  
Love you bunches sunshine,  
Dad and Mom

Congratulations Sean! You took one year at a time, worked hard, and now you made it; you're graduating from MMA. You showed everyone, but mostly yourself, that you can do anything when you put your mind to it and "grind it out." These past 4 years have made you into a fine young man. You have many accomplishments: from being the Commander of Delta Company; the Team Captain of your hockey team; all those places you've traveled and seen; but the biggest accomplishment is the relationships and friends that you have made along the way. Good things happen to good people. We are so proud of you and look forward to seeing you be successful in whatever you chose to do. Hard work, perseverance, and the no quit attitude has brought you to this day! We will all be there, watching you proudly, as you march across that stage to receive your degree. You are well on your way to a bright and prosperous future. With all our love and support, your entire family

**Congratulations Chad!**

We are so proud of you, and what you have accomplished.

This was just one stepping stone in your life

Enjoy your new journey!

All our love

**Congratulations to Jonathan and his classmates!**  
Best Wishes to all of you.

Fred, Jean, and Danica Payne

You did it! Way to go!  
We are very proud of you, Ryan! Now is the time to use all the knowledge and experience towards a career where you can grow and learn even more. You know by now that not everything comes easy in life. You'll learn (if you haven't already) that you need to work hard for what you really want and when you hit a bump in the road, you'll need to step it up a notch and push yourself to reach your goals. You can always count on us to be there for you and we know that you'll do GREAT. We love you very much, Dad, Mom and Shaun

William,  
We will never be able to convey our pride in watching you become the man you are today. Your hard work, enthusiasm, and inner values have accomplished more than we could have hoped for. As you venture forth here are two quotes to aid you. Albert Einstein said, "Try not to become a man of value." H. Jackson Brown wrote, "Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did. So throw off the bowlines, sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover."

You have already made us proud. Don't forget to enjoy both your life and your success. Live, laugh, and love.
